

The ticket app for theater lovers

Feb 24

Mhroma

I've been following this group since it was an IG page and could not be happier with the app. They are constantly making improvements and communicating with customers which makes it feel so personal. I have personally bought tickets to multiple high selling shows exclusively using this app. They allow for price point notifications whenever someone posts for a show you are interested in allowing for a quick and easy purchase. I love that this is an app for people who love theater who are just trying to buy/sell at the prices they got them at (or less!) and share extra tickets. It feels like a real community and I love love love buying from Theatr.
