**Theory for Performance Studies** Philip Auslander, 2008. *Theory for Performance Studies: A Student's Guide* is a clear and concise handbook to the key connections between performance studies and critical theory since the 1960s. Philip Auslander looks at the way the concept of performance has been engaged across a number of disciplines. Beginning with four foundational figures: Freud, Marx, Nietzsche and Saussure, Auslander goes on to provide guided introductions to the major theoretical thinkers of the past century from Althusser to Žižek. Each entry offers biographical, theoretical and bibliographical information along with a discussion of each figure's relevance to theatre and performance studies and suggestions for future research. Brisk, thoughtful and engaging, this is an essential first volume for anyone at work in theatre and performance studies today. Adapted from *Theory for Religious Studies* by William E. Deal and Timothy K. Beal.

[Theory for Theatre Studies: Space](#) Kim Solga, 2019-02-07. *Space* is everywhere all around a given. It is abstract and yet not abstract at all because it governs all human relations, shapes the way we understand our place on the planet and orients us toward others, for better and for worse. How do theatre scholars understand space and place in performance? What tools do they use to theorize the political work space does on and beyond the stage? How can students use these tools to unpack the workings of space and place in the performances they see, the plays they study and the experiences they have outside their classrooms? *Theory for Theatre Studies: Space* provides a comprehensive introduction to the spatial turn in modern theatre and performance theory, exploring topics as diverse as embodied space, environmental performance, politics and urban performance studies. The book is written in accessible prose and features in-depth case studies of Platform's audio walk *And While London Burns*, Katie Mitchell's *Fraulein*, Julie Young Jean Lee's *The Shipment* and Evalyn Parry and Laakkuluk Williamson Bathory's *Kiinalik*. *These Sharp Tools* TFS. *Space* begins with fresh readings of historical dramatic theory, discusses twentieth-century theoretical trends at length and ends by asking what it will take and what work is already underway to decolonize the Western settler colonial stage.
