Their Fathers Work:

Fathers Work for Their Sons Sara Berry, 2023-04-28 This book delves into the dynamic changes in Nigeria's economy particularly focusing on the intersection of agricultural development and the burgeoning petroleum industry in the 1970s. The study centers on Yoruba cocoa farmers in Oyo State offering a detailed analysis of how the cocoa producing sector shaped regional political economies and social mobility. While oil wealth overshadowed agriculture as the dominant economic driver, the book emphasizes the lasting importance of cocoa farming in rural communities. It explores how farmers navigated economic shifts including the rising dominance of the oil sector which exposed deep-rooted tensions and challenges especially in terms of agricultural stagnation and growing inequality. Through a case study of farmers' use of agricultural surplus and social strategies, the book sheds light on how accumulation patterns influenced class formation, rural poverty, and political participation. The author examines how Yoruba farmers' reliance on traditional kinship structures and seniority to access resources influenced their involvement in both agricultural and commercial activities. Rather than fitting neatly into Marxist or neoliberal frameworks, the study uncovers how farming families and their descendants maneuvered through political and economic landscapes shaped by patronage, state policies, and opportunities for social mobility. Education is highlighted as a key avenue for upward mobility, allowing the children of cocoa farmers to transition into urban professions and business. By following individual life histories and the broader regional political context, the book provides a rich narrative of how social, economic, and political processes interwove to shape class structures, inequalities, and collective action within western Nigeria's evolving economy. WORKING FOR GOD! Edward D.

Andrews, Andrew Murray, 2020-01-26 THE objective of WORKING FOR GOD is first of all to remind all Christian workers of the greatness and the glory of the work in which God gives a share. It is nothing less than that work of bringing men back to their God at which God finds His highest glory and blessedness. As we see that it is God's own work, we have to work out that He works it through us, that in our doing it His glory rests on us, and we glorify Him, we shall count it our joy to give ourselves to live only and wholly for it. WORKING FOR GOD at the same time aims to help those who are laboring in vain to find out what may be the cause of such struggles. God's work must be done in God's way and in God's power. It is spiritual work to be done by spiritual men and women in the power of the Holy Spirit. The more precise our insight into God's Word and the more complete our submission to God's laws of work, the surer and the richer will be our joy and our reward in it. Along with this WORKING FOR GOD can be a great help for those who have struggled in finding their part in the service of their Lord. Murray and Andrews seek to help one's understand that the chief characteristic of the Divine life in God and Christ is love.

and its work of blessing men The Divine life in us can show itself in no other way They have sought to show that it is God s will that every believer without exception whatever be his position in life gives himself wholly to live and work for God WORKING FOR GOD will also focus on teaching the imperative duty the urgent need the Divine blessedness of a life given to God s service and to waken within the consciousness of the power that works in them even the Spirit and power of Christ Himself *Jesus and the Father* Kevin N. Giles,2009-08-30 The doctrine of the Trinity is one of the cornerstones of Christianity In *Jesus and the Father* Kevin Giles wrestles with questions about the Trinity that are dividing the evangelical community What is the error called subordinationism Is the Son eternally subordinated to the Father in function Are the Father and the Son divided or undivided in power and authority Is the Father Son Spirit relationship ordered hierarchical or horizontal How should the Father and the Son be differentiated to avoid the errors of modalism and subordinationism What is the relationship between the so called economic Trinity and the immanent Trinity Does the Father Son relationship in the Trinity prescribe male female relationships in the home and the church Kevin Giles points out serious problems in the teaching that the Son is eternally subordinated to the Father and argues effectively for the full eternal equality within the Trinity This book should be read by all who wrestle with the complex but crucial doctrine of the Trinity Millard Erickson author *Christian Theology* By showing that subordinationism is a revival of a heresy that was systematically rejected by the non Arian Church the author reinstates the classical orthodox doctrine of the Trinity in all its scriptural majesty and grandeur Gilbert Bilezikian professor emeritus Wheaton College Giles skillfully places before us the stark choice which each generation of theologians must face will we allow the Bible to speak its message about the Father Son and Holy Spirit to us or will we use the Bible to advance our own agenda This important book deserves to be widely read and carefully considered Paul D Molnar professor of systematic theology St John s University *The Primary Plan Book* Marian Minnie George,1912 [The International Revision Commentary on the New Testament.
