A Novel** John Saunders (Novelist.), 1876 **Eve's Daughters** Miriam Polster, 1992 Heroic acts of women throughout history have been ignored misinterpreted and maligned For example Miriam Polster contrasts the condemnation of Eve with the admiration for Prometheus although each defied the gods and gave humanity knowledge Polster reveals that our understanding of heroism in society is entrenched in archaic male archetypes that are potentially destructive and often irrelevant to our daily lives Offering a positive approach to the psychology of women Polster explains why we must celebrate the heroism of women from Eve to the champions of everyday life the single mother in night school the female scientist in a male dominated field the victim of harassment demanding justice Drawing on case examples from her private practice as well as mythology biblical

commentary and anthropology she shows how a different unheralded kind of heroism the heroism of women is more attuned to the real social and psychological needs of women men and children today Polster shows how women and men in confronting their own daily struggles need not be limited to stereotypical male heroism but can rely on their innate and unique strengths and qualities as women heroes have done for centuries to embody true heroism achieve goals and realize self fulfillment BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
