**What are They Saying about Theological Method?** John J. Mueller,1984 An overview of the most popular contemporary methods of doing theology with a view of some of the best known Christian philosophers of method Publisher

**Theological Method: A Guide for the Perplexed** Paul L. Allen,2012-06-28 An upper level undergraduate introduction to how to do theology in an academic context      Karl Rahner, an Introduction to His Theology Karl-Heinz Weger,1980

Newman and his Theological Method Thomas J. Norris,2023-11-27      Introducing Theological Method Mary M. Veeneman,2017-11-07 Sound theological method is a necessary prerequisite for good theological work This accessible introduction surveys contemporary theological methodology by presenting leading thinkers of the 20th and 21st centuries as models The book presents the strengths and weaknesses in each of the major options Rather than favoring one specific position it helps students of theology think critically so they can understand and develop their own theological method

**The Theological Method of Karl Rahner as a Response to Gnoseological Concupiscence and Cryptogamic Heresy** Dennis William Jowers,2003      *Theology and Discovery* William J. Kelly,1980      A Theological Aesthetics of Liberation Vicente Chong,2019-02-07 Since its emergence in the sixties of the last century liberation theology in Latin America has paid little attention to the areas of aesthetics and art At the same time theological aesthetics seldom has been directly and explicitly concerned about the reality of the poor and the struggle for justice This mutual disinterest between liberation theology and theological aesthetics is regrettable because discerning a correlation between them would benefit both theological disciplines in their attempt to understand the saving action of God in the world It is the intention of this book to fill that gap A Theological Aesthetics of Liberation correlates liberation theology and theological aesthetics exploring different themes such as the liberating power of art and how the Spirit of God is involved in the process of liberation in and through art This study is a critical reflection upon the question of the beauty of Jesus Christ especially in relationship with the event of the cross and upon its meaning for Christian life This book analyzes such topics in conversation with important theologians Gustavo Gutierrez Jon Sobrino Karl Rahner Hans Urs von Balthasar Edward Schillebeeckx and other contemporary Christian theologians who have explored these themes

**Lonergan, Hermeneutics & Theological Method** Donna Teevan,2005      *Modern Christian Thought: The twentieth century* James C. Livingston,Francis Schüssler Fiorenza, This widely acclaimed introduction to modern Christian thought formerly published by Prentice Hall provides full scholarly accounts of the major movements and thinkers theologians and philosophers in the Christian tradition since the eighteenth century Enlightenment together with solid historical background and critical assessments This second edition deals with the entire modern period in both Europe and America and is the first to include extensive treatment of modern

Catholic thinkers Evangelical thought and Black and Womanist theology **Metaphysics of Mystery** Marijn de Jong,2020-02-06 How can we theologically reflect on universality in a world that increasingly focuses on particularities and differences Marijn de Jong argues that the question of universality calls for a reconceptualized form of metaphysical theology which he finds in the work of Karl Rahner and Edward Schillebeeckx Casting a new light on these theologians de Jong demonstrates that their methods contain a dialectical interrelation of hermeneutics and metaphysics an interrelation which seemingly has been lost in more recent hermeneutical theology Rahner and Schillebeeckx carefully balance particularity and universality without falling prey to relativist or absolutist ways of reasoning By analyzing fundamental themes such as experience and interpretation nature and grace faith and reason and intelligibility and mystery de Jong reveals the modest theological metaphysics that lies at the heart of their methods This critical retrieval demonstrates the enduring relevance of these thinkers and opens up new avenues of thought for theologians that do not want to shy away from the difficult question of the universality of God *Abstracts of Karl Rahner's Theological Investigations 1-23* Daniel T. Pekarske,2002 Everyone familiar with Rahner's great 23 volume Theological Investigations knows the series is hard to use because it lacks a key The titles often fail to describe the contents of the essays accurately there is no cumulative index in English the existing indices at the end of each volume are tedious and failed to distinguish significant discussions of a topic from casual references and short of wading through an entire essay there is no way to know quickly whether it contains the material one is looking for This book attempts to address these problems *Pluralism and the Theological Methods of Karl Rahner* William F. Vendley,1983 *Karl Rahner* Karen Kilby,2004 This bold and original book explores the relationship between Rahner's philosophy and his theology which reveal it as much more progressive and open ended than previously considered [The Cambridge Companion to Karl Rahner](#) Declan Marmion,Mary E. Hines,2005-06-16 Karl Rahner 1904-84 was one of the most significant theological voices of the twentieth century For many his theology has come to symbolise the Catholic Church's entry into modernity Part of his enduring appeal lies in his ability to reflect on a whole variety of issues in theology and spirituality and concentrate this plurality into a few basic convictions This Cambridge Companion provides an accessible introduction to the main themes of Rahner's work Written by an international array of experts it will be of interest to both students and scholars alike Each chapter serves as a guide to its topic and recommends further reading for additional study The contributors also assess Rahner's significance for contemporary theology by bringing his thought into dialogue with many current concerns including religious pluralism spirituality postmodernism ecumenism ethics and developments in political and feminist theologies *Theological Method: A Guide for the Perplexed* Paul L. Allen,2012-06-28 *Theological Method A Guide for the Perplexed* is a book that introduces the reader to the practice of doing theology It provides a historical survey of key figures and concepts that bear on an understanding of difficult methodological issues in Christian theology Beginning with a description of philosophical themes that affect the way theology is done today it summarizes the
