## **Theology Of Rudolf Bultmann:**

**Theology of the New Testament** Rudolf Bultmann, 1965 *New Testament Mythology and Other Basic Writings*

Rudolf Bultmann, Aside from the fact that it is perhaps the single most discussed and controversial theological writing of the century no one knowledgeable of Bultmann's work could doubt its basic importance for his entire contribution. Although the position is for which it argues was hardly new having already taken shape in several of his theological essays written during the 1920s it is nevertheless the classic formulation of this position and as such incomparable in the Bultmann corpus.

**Rudolf Bultmann** David W. Congdon, 2015-11-02 Rudolf Bultmann is one of the most widely known but least read theologians of the twentieth century. He is famous as the one who demythologized the New Testament but very few understand what he meant by this or how his hermeneutical program connects to the other areas of his theological project. Bultmann presents a unique challenge to readers not only because of his radical theological inquiry but also because of the way his ideas are worked out over time primarily through short occasional writings that present complex issues in a disarmingly straightforward manner. In this introduction to his theology the first of its kind in more than twenty years David W. Congdon guides readers through ten central themes in Bultmann's theology ranging from eschatology and dialectic to freedom and advent. By gaining an understanding of these themes students of Bultmann will have the necessary tools to understand and profit from his writings. The result is not only an accessible guide for those encountering Bultmann for the first time but also a cohesive systematic presentation of his thought for those wondering how his work might speak to our current context.

**The Theology of Rudolf Bultmann** Charles William Kegley, 1966 Contemporary theology Schubert M. Ogden Philosophy and theology in Bultmann's thought John Macquarrie The theology of Rudolf Bultmann and its relation to philosophy G. tz Harbsmeier The role of the church in the theology of Rudolf Bultmann Hans Boleswki The event of salvation and word in the New Testament Otto Michel The consequences of Bultmann's theology for ethics Heinz Horst Schrey Bultmann's relationship to classical philology Friedrich M. ller Bultmann on Judaism Samuel Sandmel The Old Testament and its significance for religious instruction Hannelis Schulte Contemporary interpretation of the gospels as a challenge to preaching and religious education Martin Stallmann Reply Rudolf Bultmann

**An Introduction to the Theology of Rudolf Bultmann** Walter Schmithals, 1968 The theology of Rudolf Bultmann one of the most important theologians of the 20th century is clearly and brilliantly expounded in this volume. The material derives from lectures which D. Schmithals, professor at the University of Marburg, Germany delivered on the occasion of Bultmann's 80th birthday. It is the first introduction written on the more popular level to the whole of Bultmann's theological thought. Addressed to an audience of widely differing backgrounds the material sets forth Bultmann's thought with particular vividness making full use of quotations from his works. After an opening chapter in the form of a short biography the rest of the book covers all aspects of Bultmann's work. Controversial issues such as the program of demythologizing and the possibility of knowledge about the

historical Jesus have their prominence but they are set in a proper context The reader is reminded that Bultmann is also a distinguished New Testament scholar and full attention is paid to his exposition of Paul and John as well as to his background in the dialectical theology of the 1920 s and to the basic principles which underlie his whole approach Here is biblical theology in the fullest sense In this light Bultmann s notorious scepticism is understood in its proper perspective His intention the reader will discover is to serve the church of Jesus Christ Dr Schmithals was a pupil of Bultmann and Bultmann himself has said that this is the best book to have been written on his own theology If clarity alone can produce understanding then here is a notable contribution to the current debate Publisher Jesus and the Word Rudolf Bultmann,1962 *Rudolf Bultmann* Rudolf Karl Bultmann, Bultmann s pioneering study of the New Testament initiated a new era in biblical studies in the Twentieth Century Together with Karl Barth Bultmann broke with liberal theology but his often misunderstood program of demythologization took him in a radically different direction from Barth In many respects Bultmann set the agenda for biblical theology in the decades following World War II This volume concentrates on the key texts and ideas in Bultmann s thought It presents the essential Bultmann for students and the general reader Roger Johnson s introductory essay and notes on the selected texts set Bultmann in his historical context chart the development of his thought and indicate the significance of his theology in the development of Christian theology as a whole Substantial selections from Bultmann s work illustrate key themes God as Wholly Other Jesus and the Eschatological Kingdom Existentialist interpretation Kerygma Faith and Modernity in conflict Demythologizing controversial slogan and theological focus What is Theology? Rudolf Bultmann,1997 From 1926 to 1936 Rudolf Bultmann offered an introductory course in theology which he continually revised and refined Finally published posthumously and now available in English for the first time WHAT IS THEOLOGY presents a clear compendium of the theology of a member of one of this century s rare number of giant scholars Rudolf Bultmann's Theology Robert Campbell Roberts,1976 The name of Rudolf Bultmann would feature prominently on any list of the influential figures in twentieth century theology even if such a list were compiled by someone disagreeing radically with most of his conclusions Without a doubt Robert C Roberts asserts part of the reason for Bultmann s overwhelming influence is the underlying consistency of his work There is an extraordinary systematic unity to Bultmann s theological and philosophical writings With that in view Robert seeks in this penetrating new study to explore that thought as a whole The metaphysical terrain on which the structure of Bultmann s theology is built is the division of reality into world and existence If such a reading of human existence seems a bit far afield from what an ordinary reading of the New Testament yields it is because Bultmann would contend the first century authors and readers clung to a mythological worldview we can no longer accept Bultmann expends considerable hermeneutical ingenuity in the effort to demonstrate that his understanding is in fact what the New Testament really means Robert scrutinizes Bultmann s detailed treatment of theological problems and doctrines the heart of this analysis being a critical look at his views on science and mythology

language and meaning understanding and exegesis Three final chapters address specific theological topics God ethics and faith Publisher **Faith and Understanding** Rudolf Bultmann,1969 **Rudolf Bultmann** Morris Ashcraft,2016-01-01 How does modern science respond to the obsolete language of Scripture Bultmann s lifelong task as a devout Lutheran was to demythologize the Bible s message so people could hear the Christian gospel and respond authentically He expands on the form criticism of Hermann Gunkel and Martin Dibelius About the Makers of the Modern Theological Mind series Who are the thinkers that have shaped Christian theology in our time This series tries to answer that question by providing a reliable guide to the ideas of the men who have significantly charted the theological seas of our century Each major theologian is examined carefully and critically his life his theological method his most germinal ideas his weaknesses as a thinker his place in the theological spectrum and his chief contribution to the climate of theology today **Christ Without Myth** Schubert Miles Ogden,1961 In CHRIST WITHOUT MYTH a vigorous young American theologian asserts that a radical new approach to theology is needed if the Christian message is to be communicated to the contemporary world This theology must go beyond liberalism while preserving the enduring achievements of the historical critical method Dr Ogden associate professor of theology at Perkins School of Theology contends that the approach needed is along the lines that Rudolf Bultmann suggests in his work of demythologizing the New Testament He gives a clear summary of Bultmann s thought analyzes the criticism that has developed around Bultmann s controversial these and offers an alternative constructive position This position the author feels carries Bultmann s work to its logical conclusion yet remains true to the essential proclamation of the New Testament Here is a thorough clear and interesting study that shows the reader what Bultmann is driving at and makes understandable the storm that has been raging around him in modern theology The Gospel of John Rudolf Bultmann,2014-08-15 As the first volume in the Johannine Monograph Series The Gospel of John A Commentary by Rudolf Bultmann well deserves this place of pride Indeed this provocative commentary is arguably the most important New Testament monograph in the twentieth century perhaps second only to The Quest of the Historical Jesus by Albert Schweitzer In contrasting Bultmann s and Schweitzer s paradigms however we find that Bultmann s is far more technically argued and original commanding hegemony among other early Christianity paradigms Ernst Haenchen has described Bultmann s commentary as a giant oak tree in whose shade nothing could grow and indeed this reference accurately describes its dominance among Continental Protestant scholarship over the course of several decades The Second Letter to the Corinthians Rudolf Bultmann,1985 The book is an excellent reference on a subject about which little has been written for the professional academic scholar It is indispensable for the student of Second Corinthians and provides insight into the exegetical basis of Bultmann s theology **Jesus Christ and Mythology** Rudolf Bultmann,Rudolf Karl Bultmann,1960 Theology as Hermeneutics John Painter,2015-01-29 Rudolf Bultmann was the most significant New Testament scholar we have known in the twentieth century This study approaches his work arguing that his theology can only be understood

correctly as an interpretation of the New Testament Naturally it is a twentieth century interpretation involving complex hermeneutical questions But it is the New Testament which provides the subject matter to be interpreted Bultmann s theology stemming from the conviction that the New Testament addresses the present age offers important solutions to many problems for Christian theology in our materialistic relativist pluralistic age The book introduces the reader to Bultmann s theology the problem of contemporary New Testament hermeneutics the problems of New Testament theology the question of the relation of New Testament theology to theology as such It makes a necessary critique of simplistic modes of interpreting Bultmann and shows a masterly hand in assessing his continuing significance

**An Introduction to the Theology of Rudolf Bultmann** Walter Schmithals,1968      **The Christian Message and Myth** Léopold Malevez,1958

**Existence and faith** Rudolf Karl Bultmann,1966 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      [The History of the Synoptic Tradition](#) Rudolf Bultmann,1963

### **Theology Of Rudolf Bultmann Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Theology Of Rudolf Bultmann PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers

individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Theology Of Rudolf Bultmann PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Theology Of Rudolf Bultmann free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
