Theory Of Direct Realism The Relation:

A Theory of Direct Realism and the Relation of Realism to Idealism John Evan Turner, 1925 **A Theory of Direct Realism** J E Turner, 2025-05-31 First published in 1925 A Theory of Direct Realism is divided in two parts the first part is an attempt to formulate a realistic theory of Perception and of the physical world and the second part is an exposition of Hegelian idealism and its compatibility with realism This book on direct realism will be of interest to students of philosophy history and literature [A Theory of Direct Realism and the Relation of Realism to Idealism](#) John Evan TURNER, 1924 **A Theory of Direct Realism and the Relation of Realism to Idealism** James Edward Turner, 1925

[Direct Realism](#) D. Gram, 2012-12-06 or their surfaces can be translated without remainder into descriptions of objects that are neither material objects or surfaces of any material object All of these claims have historically conspired to discredit Direct Realism But Direct Realism can accommodate all of the premises of the three arguments without admitting any of their conclusions Inferential perceptual knowledge assumes a kind of knowledge that is not inferential Without this assumption we are given a vicious infinite regress But this is compatible with the fact that any case of non inferential knowledge has a material object as its object The fact of infallible perceptual awareness fails to discredit Direct Realism for similar reasons Infallibility is a characteristic not of the objects which we perceive but rather of the acts by which we perceive them And this permits an object of such awareness to be either material or something other than material It does not follow from the fact of infallibility that the objects of awareness must be other than material objects And finally the fact of translatability shows at most that we either can or must simultaneously perceive material objects and entities which are not material objects It does not show that the perception of the one is the same as the perception of the other The entire argument rests as we shall learn on an illicit assimilation of the notions of sameness and equivalence *A Theory of Direct Realism and the Relation of Realism to Idealism* James Edward Turner, 1925 *The Metaphysics of Memory* Sven Bernecker, 2008-05-08 This book investigates central issues in the philosophy of memory and is the first book on the metaphysics of memory in four decades It defends a version of the causal theory of memory and argues for direct realism about memory **The Routledge Companion to Epistemology** Sven Bernecker, Duncan Pritchard, 2011-01-19 Epistemology the philosophy of knowledge is at the core of many of the central debates and issues in philosophy interrogating the notions of truth objectivity trust belief and perception The Routledge Companion to Epistemology provides a comprehensive and the up to date survey of epistemology charting its history providing a thorough account of its key thinkers and movements and addressing enduring questions and contemporary research in the field Organized thematically the Companion is divided into ten sections Foundational Issues The Analysis of Knowledge The Structure of Knowledge Kinds of Knowledge Skepticism Responses to Skepticism Knowledge and Knowledge Attributions Formal Epistemology The History of Epistemology and Metaepistemological Issues Seventy eight chapters each between 5000 and 7000 words and written by the world's leading epistemologists provide students with an

outstanding and accessible guide to the field Designed to fit the most comprehensive syllabus in the discipline this text will be an indispensable resource for anyone interested in this central area of philosophy The Routledge Companion to Epistemology is essential reading for students of philosophy *Aquinas's Theory of Perception* Anthony J. Lisska, 2016 Anthony J Lisska presents a new analysis of Thomas Aquinas's theory of perception Approaching the subject from contemporary analytic philosophy Lisska argues for the importance of inner sense and suggests a modest innate or structured interpretation for the role of the crucial faculty of *vis cogitativa*
