

Theory Of Justice

David Lewis Schaefer

Theory Of Justice:

A Theory of Justice John Rawls, 2005-03-31 John Rawls aims to express an essential part of the common core of the democratic tradition justice as fairness and to provide an alternative to utilitarianism which had dominated the Anglo Saxon tradition of political thought since the nineteenth century Rawls substitutes the ideal of the social contract as a more satisfactory account of the basic rights and liberties of citizens as free and equal persons Each person writes Rawls possesses an inviolability founded on justice that even the welfare of society as a whole cannot override Advancing the ideas of Rousseau Kant Emerson and Lincoln Rawls s theory is as powerful today as it was when first published Though the revised edition of A Theory of Justice published in 1999 is the definitive statement of Rawls s view much of the extensive literature on his theory refers to the original This first edition is available for scholars and serious students of Rawls s work **A Theory**

of Justice John Rawls, 2020-07-27 Since it appeared in 1971 John Rawls s A Theory of Justice has become a classic The author has now revised the original edition to clear up a number of difficulties he and others have found in the original book

A Theory of Justice John Rawls, 1972 Since it appeared in 1971 John Rawls s A Theory of Justice has become a classic The author has now revised the original edition to clear up a number of difficulties he and others have found in the original book Rawls aims to express an essential part of the common core of the democratic tradition justice as fairness and to provide an alternative to utilitarianism which had dominated the Anglo Saxon tradition of political thought since the nineteenth century Rawls substitutes the ideal of the social contract as a more satisfactory account of the basic rights and liberties of citizens as free and equal persons Each person writes Rawls possesses an inviolability founded on justice that even the welfare of society as a whole cannot override Advancing the ideas of Rousseau Kant Emerson and Lincoln Rawls s theory is as powerful today as it was when first published An Analysis of John Rawls's A Theory of Justice Filippo Dionigi, Jeremy

Kleidosty, 2017-07-05 John Rawls s A Theory of Justice is one of the most influential works of legal and political theory published since the Second World War It provides a memorably well constructed and sustained argument in favour of a new social contract version of the meaning of social justice In setting out this argument Rawls aims to construct a viable systematic doctrine designed to ensure that the process of maximizing good is both conscious and coherent and the result is a work that foregrounds the critical thinking skill of reasoning Rawls s focus falls equally on discussions of the failings of existing systems not least among them Marxism and Utilitarianism and on explanation of his own new theory of justice By illustrating how he arrived at his conclusions and by clearly explaining and justifying his own liberal pluralist values Rawls is able to produce a well structured argument that is fully focused on the need to persuade Rawls explicitly explains his goals He discusses other ways of conceptualizing a just society and deals with counter arguments by explaining his objections to them Then carefully and methodically he defines a number of concepts and tools thought experiments that help the reader to follow his reasoning and test his ideas Rawls s hypothesis is that his ideas about justice can be universally applied they can

be accepted as rational in any society at any time

A Theory of Justice John Rawls, 1999 Since it appeared in 1971 John Rawls's *A Theory of Justice* has become a classic. The author has now revised the original edition to clear up a number of difficulties he and others have found in the original book. Rawls aims to express an essential part of the common core of the democratic tradition: justice as fairness, and to provide an alternative to utilitarianism, which had dominated the Anglo-Saxon tradition of political thought since the nineteenth century. Rawls substitutes the ideal of the social contract as a more satisfactory account of the basic rights and liberties of citizens as free and equal persons. Each person writes Rawls possesses an inviolability founded on justice that even the welfare of society as a whole cannot override. Advancing the ideas of Rousseau, Kant, Emerson, and Lincoln, Rawls's theory is as powerful today as it was when first published.

A Theory of Justice John Rawls, 1999 In this work the author argues that the correct principles of justice are those that would be agreed to by free and rational persons placed in the original position behind a veil of ignorance, not knowing their own place in society, their class, race, or sex, their abilities, intelligence, or strengths, or even their conception of the good. Accordingly, he derives two principles of justice to regulate the distribution of liberties and of social and economic goods. In this new edition the work is presented as Rawls himself wishes it to be transmitted to posterity, with numerous minor revisions and amendments and a new Preface in which Rawls reflects on his presentation of his thesis and explains how and why he has revised it.

Rawls's 'A Theory of Justice' Jon Mandle, 2009-10-15 *A Theory of Justice* by John Rawls is widely regarded as the most important twentieth-century work of Anglo-American political philosophy. It transformed the field by offering a compelling alternative to the dominant utilitarian conception of social justice. The argument for this alternative is however complicated and often confusing. In this book Jon Mandle carefully reconstructs Rawls's argument, showing that the most common interpretations of it are often mistaken. For example, Rawls does not endorse welfare state capitalism, and he is not a luck egalitarian, as is widely believed. Mandle also explores the relationship between *A Theory of Justice* and the developments in Rawls's later work, *Political Liberalism*, as well as discussing some of the most influential criticisms in the secondary literature. His book will be an invaluable guide for anyone seeking to engage with this groundbreaking philosophical work.

Justice as Fairness John Rawls, 2001-05-16 This book originated as lectures for a course on political philosophy that Rawls taught regularly at Harvard in the 1980s. In time the lectures became a restatement of his theory of justice as fairness, revised in light of his more recent papers and his treatise *Political Liberalism* (1993). As Rawls writes in the preface, the restatement presents in one place an account of justice as fairness as I now see it, drawing on all my previous works. He offers a broad overview of his main lines of thought and also explores specific issues never before addressed in any of his writings. Rawls is well aware that since the publication of *A Theory of Justice* in 1971, American society has moved farther away from the idea of justice as fairness. Yet his ideas retain their power and relevance to debates in a pluralistic society about the meaning and theoretical viability of liberalism. This book demonstrates that moral clarity can be achieved.

even when a collective commitment to justice is uncertain **Rawls's 'A Theory of Justice'** Frank Lovett,2010-11-04 John Rawls's *A Theory of Justice* first published in 1971 is arguably the most important work of moral and political philosophy of the twentieth century. A staple on undergraduate courses in political theory, it is a classic text in which Rawls makes an astonishing contribution to political and moral thought. Rawls's *A Theory of Justice: A Reader's Guide* offers a concise and accessible introduction to this hugely important and challenging work. Written specifically to meet the needs of students coming to Rawls for the first time, the book offers guidance on philosophical and historical context. Key themes: Reading the text; Reception and influence; Further reading. *Theory of Justice* John Rawls,1999-01-01 Since it appeared in 1971, John Rawls's *Justice* Tom Campbell,1988. Political theorists agree that justice is a fundamental political value but disagree profoundly about its proper analysis and philosophical justification. This book sets out the main contending theories of justice as exemplified in the works of John Rawls, Ronald Dworkin, Bruce Ackerman, Richard Posner, and Wojciech Sadurski. Each approach is introduced in its own terms, assessed in accordance with its ability to generate a clear, consistent, and illuminating account of justice as a distinctive social, political, and legal value, and then assessed in a specific area of practice, such as welfare, rights, the protection of minorities, the distribution of income, and criminal law. **Rawls's A Theory of Justice at 50** Paul Weithman,2023-08-10 In 1971, John Rawls's *A Theory of Justice* transformed twentieth-century political philosophy, and it ranks among the most influential works in the history of the subject. This volume of new essays marks the 50th anniversary of its publication with a multi-faceted exploration of Rawls's most important book. A team of distinguished contributors reflects on Rawls's achievement in essays on his relationship to modern political philosophy and 20th-century economic theory; on his Kantianism; on his transition to political liberalism; on his account of public reason and contemporary challenges to it; on his theory's implications for problems of racial justice, on democracy and its fragility; and on Rawls's enduring legacy. The volume will be valuable for students and scholars working in moral and political philosophy, political theory, legal theory, and religious ethics. *Free and Equal* Joseph Grčić,2011 The ideas of John Rawls have revolutionized the shape and content of much of contemporary political and social philosophy. His *A Theory of Justice* (1971) and *Political Liberalism* (1993), among other works, have been a rich source of ideas which continue to influence contemporary discussions about justice and politics. Although much has been written on the political philosophy of Rawls, there has not been any in-depth study focused on the implications of the ideas of Rawls for contemporary existing democracies. Drawing on some of his earlier work, the author offers a detailed exploration of how Rawlsian ideas impact the basic elements of Western democracies and the US Constitution, and discusses the changes that would be necessary to make modern democracies more consistent with the basic values of liberal equality as understood by Rawls. The ideas of justice, equality, fairness, liberty, public reason, stability, the rule of law, and other related concepts are the bases of the analysis of the US Constitution and suggestions for reform presented here. For many people, the American Dream has come to seem more like a vague hope than

a real possibility It is becoming increasingly clear that our society is faced with profound social and political problems which need to be confronted and addressed Some of these problems are described in this book and the solutions defended here are based on a deeper understanding of the underlying principles of the Constitution informed by the ideas of the philosopher John Rawls This book is intended for the general educated public and college classrooms in political philosophy philosophy of law American government *Opponents and Implications of A Theory of Justice* Henry S. Richardson,1999 First published in 2000 Routledge is an imprint of Taylor Francis an informa company Justice Or Tyranny? David Lewis Schaefer,1979

The Liberal Theory of Justice Brian Barry,1973 This text contains a thorough examination of John Rawls A Theory of Justice looking at how this work has influenced justice and the theory of justice in the modern era Theories of Justice Alejandra Mancilla,2017-05-15 Forty years ago in his landmark work A Theory of Justice the American philosopher John Rawls depicted a just society as a fair system of cooperation between citizens regarded as free and equal persons Justice Rawls famously claimed is the first virtue of social institutions Ever since then moral and political philosophers have expanded expounded and criticized Rawls's main tenets from perspectives as diverse as egalitarianism left and right libertarianism and the ethics of care This volume of essays provides a general overview of the main strands in contemporary justice theorising and features the most important and influential theories of justice from the post Rawlsian era These theories range from how to build a theory of justice and how to delineate its proper scope to the relationship between justice and equality justice and liberty and justice and desert Also included is the critique of the Rawlsian paradigm especially from feminist perspectives and from the growing strand of non ideal theory as well as consideration of more recent developments and methodological issues **A Sociological Theory of Justice** Stanley Raffel,1996 *The Concept of Justice and Equality* Eliane Saadé,2015-09-25 Unless considered on a practical level where a precise distribution of social goods is chosen John Rawls's and Gerald Cohen's approaches to social justice cannot be complementary Their disagreement about justice and its principles calls for a choice which opts either for the Rawlsian theory or for the Cohenian one What is the more plausible approach to social justice This work compares both approaches and aims to defend Cohen's position in the light of two considerations It answers the philosophical question about the analysis of the idea of justice which puts the virtue of justice in its philosophical context It however presents a method everyone can apply in order to arrive at the fundamental principles of justice by employing the power of reason An analysis of the concept of justice based on the power of reason should seek to uncover the ultimate nature of justice which is independent of facts and of other virtues Once exposed the understanding of justice arrived at should inform social institutions and determine people's daily decisions A just society is therefore a society where just persons and just institutions exhibit the virtue of justice *Rawls' Theory of Justice as Fairness* Robert Pierce Bunge,1973

Uncover the mysteries within Explore with is enigmatic creation, Discover the Intrigue in **Theory Of Justice** .
