Religion and Humor as Emancipating Provinces of Meaning Michael Barber,2017-07-26 This book illustrates how non pragmatic finite provinces of meaning emancipate one from pragmatic everyday pressures Barber portrays everyday life originally as including the interplay between intrinsic and imposed relevances the unavoidable pursuit of pragmatic mastery and the resulting tensions non pragmatic provinces can relieve But individuals and groups also inevitably resort to meta level strategies of hyper mastery to protect set ways of satisfying lower level relevances strategies that easily augment individual anxiety and social pathologies After creatively interpreting the Schutzian dialectic between the world of working and non pragmatic provinces Barber describes the experience of reality in the finite provinces of religion and humor Schutz who only mentioned these provinces laid out the six features of the cognitive style that characterize any finite province of meaning This book is the first to follow up on these suggestions and depict two new finite provinces of meaning beyond those in On Multiple Realities While entrance into these provinces reduces everyday life tensions it does not suffice since pragmatic relevances infiltrate the provinces as when one uses humor to belittle competing cultural groups or one deploys religion only as an instrument to ensure crop productivity Instead liberation from anxieties and pathologies is brought to completion when the ego agens the 0 point of all its coordinates discovers its value in relation to the transcendent even if it fails to realize its pragmatic purposes or when one becomes comical to oneself through the eyes of another different from oneself This book aimed at advanced undergraduate graduate or scholarly audiences presents stimulating analyses of the religious representative mindset or of the healing potential of interracial humor Drawing heavily on interdisciplinary resources the book also illustrates the relevance of phenomenological methods and concepts for concrete human experience Barber offers a fresh understanding of pragmatic everyday life original descriptions of the religious and humorous provinces of meaning and a picture of how the overarching intentional stances of meaning provinces along with exposure to another perspective can diminish the pressures everyday life engenders **Sessional Papers** Canada.
