Practising Happiness Ruth A. Baer, 2014-01-16 Mindfulness is a way of paying attention that originates in Eastern meditation traditions but is increasingly discussed and practised in Western culture It is usually defined as focusing one s complete attention on present moment experiences in a non judgemental and accepting way Buddhist traditions suggest that the cultivation of mindfulness through the practice of meditation reduces suffering and cultivates positive qualities such as insight wisdom compassion and equanimity In recent years the Western mental health community has adapted mindfulness meditation practices for use in medical and mental health settings and several interventions based on mindfulness training are now widely available Those

with the best scientific support include mindfulness based stress reduction MBSR mindfulness based cognitive therapy MBCT dialectical behavior therapy DBT and acceptance and commitment therapy ACT These treatments can be applied to a wide range of problems disorders and populations and the evidence increasingly supports their efficacy Practising Happiness is the first self help book to integrate the wisdom skills and practices available from the four leading evidence based mindfulness treatments MBSR MBCT DBT and ACT FREE audio content and guided meditations are available at www.practisinghappiness.co.uk
