mahayana the formal acceptance into the vajrayana is marked by a vow in this case the samaya vow There is an emphasis at this stage on the student teacher relationship and on the quality of devotion Generally students must complete preliminary practices called ng ndro to prepare themselves for initiation into the vajrayana path before going further Having done so they then receive the appropriate empowerments to begin tantric practices There are empowerment ceremonies of many kinds called abhishekas The vajrayana includes both form practices such as visualizations and sadhanas ritual liturgies and formless practices based on allowing the mind to rest naturally in its inherent clarity and emptiness Although on the surface there is much greater complexity in tantric practices the principles of mindfulness and awareness and the cultivation of compassion and skillful action continue to be of central importance The tantric path requires complete engagement and fierce dedication It is said to be a more rapid path but it is also more dangerous There is a quality of directness abruptness and wholeheartedness Tantrikas or vajrayana practitioners recognize that the most challenging aspects of life the energies and play of confused emotions and frightening obstacles can be worked with as gateways to freedom and realization Other topics covered in detail in this volume include the four reminders the mandala principle mahamudra atiyoga and more

Making the Invisible Real Catherine Hartmann, 2025-05-09 How can a person learn to see a mountain as a divine mandala especially when to the ordinary eye the mountain looks like a pile of rocks and snow This is the challenge that the Tibetan pilgrimage tradition poses to pilgrims who are told to overcome their ordinary perception to see the hidden reality of the holy mountain Drawing on multiple genres of Tibetan literature from the 13th to 20th centuries including foundational narratives of holy places polemical debates about the value of pilgrimage written guides to holy sites advice texts and personal diaries this book investigates how the pilgrimage tradition tries to transform pilgrims perception so that they might experience the wondrous sacred landscape as real and materially present Catherine Anne Hartmann argues that the pilgrimage tradition does not simply assume that pilgrims experience this sacred landscape as real but instead leads pilgrims to adopt deliberate practices of seeing ways of looking at and interacting with the world that shape their experience of the holy mountain Making the Invisible Real explores two ways of seeing the pilgrim s ordinary perception of the world and the fantastic vision believed to lie beyond this ordinary perception As pilgrims move through the holy place they move back and forth between these two ways of seeing weaving the ordinary perceived world and extraordinary imagined world together into a single experience Hartmann shows us how seemingly fantastical religious worldviews are not simply believed or taken for granted but actively constructed and reconstructed for new generations of practitioners **The Autobiography of Jamgon**
