

Effective practices

1

Deploy TAs in ways that enable all pupils to access high-quality teaching

- Ensure all pupils have access to high quality teaching with their class teacher.
- Equip TAs with a range of scaffolding strategies appropriate to the age, subject, and specific individual needs of pupils they work with.
- Support teachers and TAs to identify practices which go against this and engage in effective alternatives.

2

Deploy TAs to scaffold learning and to develop pupils' independence

- Ensure all pupils have access to high quality teaching with their class teacher.
- Remove scaffolds over time to promote independent learning, with teachers supporting TAs to make those judgements.
- Teachers and TAs understand 'least support first'.

3

Deploy TAs to deliver well-chosen, evidence based, structured interventions where appropriate

- Reflect on the purpose and engage with the evidence base before deploying TAs to deliver structured interventions.
- Monitor progress to be sure the benefit of the intervention outweighs time away from the classroom.
- Teachers and TAs engage in bridging practices to connect learning between interventions and the classroom.

Effective implementation

4

Prepare and train staff around effective TA deployment

- The role of the TA should be clear for all in the school.
- Through professional development, enable TAs to be effective in these roles and teachers to work effectively with TAs.
- Teachers and TAs should coordinate to ensure they are prepared for their day to day roles.

5

Engage all staff in the process of implementing effective TA deployment

- TA deployment is overseen by the Senior Leadership Team, who are aware of implementation challenges.
- Engage and align the school community to build a shared understanding of good TA practice.
- Deployment decisions are deliberate and contribute to school priorities and context.
