Using German Synonyms:

Using German Synonyms Martin Durrell,2000-05-29 This book designed for students who have already developed a basic competence in German aims to broaden and improve their vocabulary by providing detailed information on groups of German words with related meanings It is invaluable as a guide to finding the right word for the context In order to enhance understanding of the structure of the German vocabulary groups of synonyms are organised under German rather than English headwords All entries are accompanied by an example of usage and English glosses and there are two indexes allowing users quickly to locate words in German or English The book takes full account of register variation indicating the degree of formal or informal use and reflects regional usage especially in Austria and Switzerland It is an essential reference for intermediate and advanced students as well as teachers and other professional linguists seeking access to the finer nuances of the German language

German Federalism M. Umbach,2002-03-13 This book explores the German idea of federalism denoting diversity within unity Historians linguists and political scientists examine how federalism emerged in the Holy Roman Empire was re shaped by nineteenth century cultural movements and was adopted by the unified state in 1871 and again after 1945 The myth of federalism as a safeguard against totalitarianism is tested in regard to the Third Reich and the GDR The book concludes with an outlook on German federalism s future in Europe

The Many Faces of Multilingualism Piotr Romanowski,Martin Guardado,2020-10-12 Multilingualism has become an increasingly common global phenomenon especially in the last two decades Therefore multilingual programmes have now been regarded as a cornerstone of education systems in many countries around the world Learning multiple languages helps us plug into a globalised world and strengthen links with a multitude of speakers from a diversified reality we live in Thanks to the researched cases described in

the chapters further developments aimed at fostering multilingual practices in the contemporary world will be enhanced The chapters included in the present volume provide an overview of current theory research and practice in the field They deal with such prominent research topics as multilingual education language policies language contact identity of multilingual speakers to name only a few The selected chapters focus on the numerous and heterogeneous relations between languages They also incorporate a series of contextualized studies with diverse research designs applied in different settings across the globe This volume constitutes a pivotal reference source for the latest scholarly material on multilingualism from twelve different countries It is a thought provoking collection that provides a series of rich insights into the way multilingualism is practised in international contexts It is ideally designed for academics upper level students educators professionals and practitioners seeking linguistic and pedagogical guidance on multilingualism

Proceedings of the High School Conference of November 1910-November 1931 ,1928 **The Nation** ,1916 Two-tiered Relexification in Yiddish Paul Wexler,2011-06-01 The book claims that Yiddish was created when Judaized Sorbs first relexified their language to High German between the 9th 12th centuries by the 15th century the descendants of the Judaized Khazars also relexified their Kiev Polesian northern Ukrainian and southern Belarusian speech to Yiddish and German Yiddish thus uses a mixed West East Slavic grammar and suggests that converted Khazars were a major component in the Ashkenazic ethnogenesis
