## Welcome to SharePoint Portal Server

Microsoft® SharePoint™ Portal Server provides a flexible dashboard site solution that integrates search and document management features with the tools you use every day to help you find, organize, and share information.

Users of SharePoint Portal Server organize and store content within a structure called a workspace. Users can access the workspace from Microsoft Windows® Explorer, Microsoft Office applications, and with a Web browser through the dashboard site.

This tool is designed to introduce you to key SharePoint Portal Server features and terminology. It will help guide you through the process of configuring and managing your workspace.

Choose any item on the menu to learn more about SharePoint Portal Server. **Search and Navigation** features help users find information quickly and conveniently. **Document Management** features help users write, manage, and share content.

*Configure Your Workspace* can be accessed at any time through *Getting Started* under the Management folder in the workspace.
