America's War and Peace Cycles, 1686 to Present Dennis J. Foley, 2015-07-06 This book is in color and may be considered the collectors or library edition of it It contains an American military history from the 1600s to the present as analyzed by Dennis J Foley in cycle or time fractual format It is one of a kind research The pivotal turning times from peace periods to war periods and back to peace periods they confirmed by peace treaties are shown in detail History s dated events are used as data Cycle projections have been proven correct In general linear static history is a misconception taught and accepted by Americans especially making it a blind spot in American mentality This study can be educational **The**

Return of Nephilim Alan Dean Paul, 2017-02-21 Economic turmoil rising crime and unrest thrive in the news When it comes to surviving disaster remember the parable of ten virgins Matthew 25 1 13 Five virgins were prepared and five were not There are people behind problems the world is facing today Problems just do not arise Elites use orchestrated problems to justify legislation that pushes their agenda An influential cabal of elite wants you to believe in a business cycle nations rise and fall naturally and a strong central government is essential for society to function People accept the world as being helpless without their elites keeping the wheels of progress moving Ask yourself Who really has kept the wheels of progress moving Who were the people that benefitted humanity Then ask yourself What institution has been responsible for the slaughter of millions or perhaps billions in history When you do it becomes clear that our elites control history and manipulate the masses They want you to think government the institution they work to influence most is necessary There is a way out The people who hold the secrets of the kingdom Luke 8 10 are still alive and flourishing However they need to wake up from their slumber and push back against the forces seeking their genocide Freeing themselves from the genocide of multiculturalism will free themselves from invaders and traitors who seek to ruin them and rule God s kingdom the kingdom from which they hold the secrets *America's War and Peace Cycles; 1686 to Present, With Projections* Dennis J. Foley, 2014

The Great Wave David Hackett Fischer, 1996 Fischer has examined price records in many nations and finds that great waves of rising prices in the 13th 16th 18th and 20th centuries were all marked by price swings of increasing volatility falling wages a growing gap between rich and poor and an increase in violent crime family disintegration and cultural despair 109 graphs charts 7 maps **America's War and Peace Cycles; 1686 to Present, with Projections** Dennis J.

Foley, 2019-03-14 This book is in color and more than 300 years of American military history is in cycle format and is in my opinion unlike any thing done on the subject The dates are of Source level and are used as data in describing the long term and short term regular rises and falls in martial activity in America for more than 300 years The volume of event dates quantifies the research a body count is Not necessary for this study The dated events as data are clearly able to describe the

regular rise and fall in war and peace periods As they did accelerate over time the cycles changed harmonically as the time fractuals they actually are rather than simply cycles The Cycle projections since 2002 have been proven correct with America s expansions and with drawls of war efforts in Iraq and Afghanistan Linear static history is a misconception all history over time is time fractual Governments are against you having this knowledge This study can be educational and can be a platform for further non government controlled and secreted Time Fractuals cycles studies

Killing God's Enemies: John Lee Brook,2017-11-03 Killing God s Enemies relates the origin history and activities of the church of Christian Identity and its violent outgrowth called the Phineas Priesthood In doing so the book reveals the group s philosophy of hate their methodology which is death to all blacks Jews homosexuals and abortionists and their goal which is an America ruled by white men The church of Christian Identity is a small and obscure religious denomination Its radical arm the Phineas Priesthood barely registers on the radar screens of the general public s consciousness That is until it s too late For the Phineas Priesthood is unlike any other priesthood There is no seminary and no ordination There is only one requirement kill the enemies of God Killing God s Enemies will tell the fantastic but true tale of how Christian Identity came to exist where the idea of the Phineas Priesthood came from relate the violent exploits of the Priesthood s lone warriors and show how Anti Semitism forms the fulcrum upon which Christian Identity pivots

Extremism in America George Michael,2013-12-10 The American Republic was born in revolt against the British crown and ever since political extremism has had a long tradition in the United States To some observers the continued presence of extremist groups and the escalation of their activities portends the fragmentation of the country while others believe such is the way American pluralism works The word extremism often carries negative connotations yet in 1964 Barry Goldwater famously said Extremism in the defense of liberty is no vice Extremism in America is a sweeping overview and assessment of the various brands of bigotry prejudice zealotry dogmatism and partisanship found in the United States including the extreme right the antiglobalization movement Black Nationalism Chicano separatism militant Islam Jewish extremism eco extremism the radical antiabortion movement and extremist terrorism Many of these forms of single minded intolerance are repressed by both the state and society at large but others receive significant support from their constituencies and enjoy a level of respectability in some quarters of the mainstream The essays in this volume written by area specialists examine the relationship between these movements and the larger society dissect the arguments of contemporary American anarchist activists look at recent trends in political extremism and suggest how and why such arguments resonate with a considerable number of people

Predicting World War 111 ? Dennis Foley,2019-08-05 This book utilizes a cycle format treatment of the more than 300 years of American military history The dates are Source level History s dated events are used as data describing the regular rise and fall in war and peace periods As they accelerate over time and change harmonically they become in history time fractuals rather than simply cycles The Cycles and their projections in time have been proven correct since an original work on thrm was done by Mr Foley in 2002 The dominant Cycle today can be confidently projected for at least this next decade And the results are significant **The Free American!** ,2003 *Questions We All Ask* Gottfried Purucker,1929
