## War Horse A Magnet:

**Medieval Warhorse** Oliver H. Creighton, Robert Liddiard, Alan K. Outram, Carly Ameen, Kate Kanne, 2025-02-24 The image of the armoured knight mounted on his charging warhorse is one of the most evocative of the Middle Ages As distinctive symbols of social status horses were central to the medieval aristocratic image and closely bound up with concepts of knighthood and chivalry while as weapons of war bred for size strength and stamina they changed the face of battle Drawing upon new interdisciplinary research this volume presents a fresh perspective on warhorses and medieval horses generally in Britain understood within its wider European context It adopts an integrated approach that covers the full array of evidence for medieval horses from their physical remains bones teeth and DNA equipment and armour through to visual sources such as sculpture and wall paintings and documentary and landscape evidence for the environments in which they were bred and trained Analyses of these sources of information are first presented individually and then integrated and cross compared with the historical record to present a new chronology of horse stature conformation and appearance and to generate new understandings of the changing place of the horse in the medieval world

**The Magnetic Lady** Ben Jonson, 2000-11-18 This is the first fully annotated edition of Ben Jonson's *The Magnetic Lady* written in 1632 The introduction places the play in the context of Jonson's later dramatic and poetic works and discusses the political context of the Caroline court A performance history of the play and fresh material relating to its 17th century reception are also provided This new edition by Peter Happ reappraises Jonson's much neglected play and argues for its recognition as a work of real distinction

*Magnetic Dogs* Bruce Meyer, 2022-10-01 *Magnetic Dogs* is a collection of short stories that examines how displaced individuals those who have been snatched out of their time and place struggle to adapt and reinvent themselves in an entirely new context or re establish themselves in their former situations In stories that are factual fiction Meyer examines the composition of Gabriel Faur's haunting *Cantique de Jean Racine* the 1960s scoop of Indigenous children from Manitoulin Island the missing diaries of Lewis Carroll that save that author from the charges of child molestation that ruined his career as an academic the true story of a shade of red and Seventh Century Chinese exploration of the North Atlantic and the origins and ramifications of a haunting Aztec form of music borrowed by J S Bach the chaconne In these stories Meyer constantly questions the ways our perceptions of the past might have been different had small events transpired to make them so
