War & Peace, 1913 *War, Peace and World Orders in European History* Anja V. Hartmann, Beatrice Heuser, 2002-11
This book explores a new way for students of International Relations to look at war peace and world orders throughout European history The contributors argue that the predominant realist paradigm that focuses on states and their self interest is not applicable to the largest period of European history because states either did not exist or were only in the making Instead they argue we have to look through the eyes of historical entities to see how they understood the world in which they lived The authors use a wide range of case studies focusing on subjects as diverse as the ancient Greek concept of honour and persecution under Communist regimes during the Cold War to explore the ways in which people in different societies at different times perceived and felt about war and peace in the world around them The History of Afghanistan (6 Vol. Set) Fayz Muhammad Kātib Hazārah, 2012-12-19 The Sir j al taw r kh is the most important history of Afghanistan ever written This pinnacle of the rich Afghan historiographic tradition is available in English translation annotated fully indexed including an introduction eight appendices Persian English and English Persian glossaries and bibliography **War and peace** graf Leo Tolstoy, 1898 *Official Documents, Comprising the Department and Other Reports Made to the Governor, Senate, and House of Representatives of Pennsylvania* Pennsylvania, 1903 Report of the State Librarian of Pennsylvania, 1902
