War Story Hbk:

Waterstone's Guide to Books Waterstone & Co,1988 Early Trench Tactics in the French Army Jonathan Krause,2016-04-29 In the English speaking world the First World War is all too often portrayed primarily as a conflict between Britain and Germany The vast majority of books focus on the Anglo German struggle and ignore the dominant part played by the French who for most of the war provided the bulk of the soldiers fighting against the central powers As such this important and timely book joins the small but growing collection of works offering an overdue assessment of the French contribution to the Great War Drawing heavily on French primary sources the book has two main foci it is both an in depth battle narrative and analysis as well as a work on the tactical evolution of the French army in Spring 1915 as it endeavored aggressively to come to grips with trench warfare This period is of crucial importance as it was in these months that the French army learned the foundations of trench warfare on which their conduct for the remainder of the war would rest The work argues that many advanced practices often considered German innovations such as the rolling barrage infiltration tactics and the effective planning and integration of artillery bombardments can all be traced back to French writing and action in early 1915 The work argues that contrary to received opinion French army bureaucracy proved effective at very quickly taking in digesting and then disseminating lessons learned at the front and French commanders proved to be both effective and professional Such radical conclusions demand a fundamental rethink of the way we view operations on the Western Front

Women and War Mary Raum,2024-11-29 This volume explores how art and artifacts can tell women s stories of war a critical way into these stories often hidden due to the second tier status of reporting women s accomplishments This unique lens reveals personal cultural and historically noteworthy experiences often not found in records manuscripts and texts Nine stories from history are examined from the mythical Amazons of Ancient Greece to a female prisoner of war during World War II Each of the social political and battlefield experiences of Penthesilea Artemisia Boudica the feminine cavaliers the Dahomey Amazons suffragists World War I medical corps and a World War II prisoner of war are intertwined with a particular work of art or an artifact These include pottery iconographic images public sculpture stone engraving clothing decorative arts paintings and pulp art While each story stands alone brought together in this volume they represent a cross sectional reflection on the record of women and war The chapters cover not only a diverse range of women from around the globe the African continent the Hispanic territory of Europe Carian and Ancient Greece and Rome Iran Great Britain Scotland ancient Caledonia Western Europe and North America but also a diverse choice of artwork and artifacts eras and the nature of the wars being fought This book will be of value to those interested in gender across history and its interplay in the field of war

Empire of Illusion Chris Hedges,2009-07-14 From a bestselling author and Pulitzer Prize winning journalist a scathing polemic against the spectacle obsessed culture that has taken over American life A trenchantly argued critique of the near destruction of the American Dream by unfettered capitalism Philadelphia Inquirer

An instant bestseller Chris Hedges's *Empire of Illusion* is one of the most striking and unsettling explorations of illusion and fantasy in contemporary American culture. Traveling to the ringside of professional wrestling bouts at Madison Square Garden to a pornography convention in Las Vegas and to academic conferences held by positive psychologists who claim to be able to engineer happiness, Hedges chronicles the encroachment of artifice and propaganda in all corners of American life. He exposes the mechanisms used to divert us from confronting the economic, environmental, political, and moral collapse around us. A culture that cannot distinguish between reality and illusion dies, Hedges argues, and we are dying now.

The War History of the 1st/4th Battalion the Loyal North Lancashire Regiment Great Britain. Army. Royal North Lancashire Regiment, 1921

The Crusades Nikolas Jaspert, 2006-09-27 This German to English translation of a highly successful book is a clear, approachable, student-friendly introduction to the history of the Crusades. With a long chronological span from the eleventh to the late fifteenth century and with a wide geographical coverage of the whole of Europe and some of the Middle East, *The Crusades* is clear, concise, and more wide-ranging than most single-volume works. Taking recent scholarship into account and using boxes, case studies, marginal directions, and chronologies, the book is well laid out and easy to follow, providing a comprehensive overview of the crusade movement for students at all university levels.

Flypast, 2008

Air Pictorial, 1995

Civil Wars of the World Karl DeRouen Jr., Uk Heo, 2007-05-10 This unique two-volume reference is the most authoritative up-to-date resource available for information and data on the most volatile civil wars around the globe since World War II. At a time when historians are devoting more and more research to conflicts within nations, *Civil Wars of the World: Major Conflicts since World War II* is an invaluable addition to the available resources. In two volumes, it ranges around the globe to cover the most volatile and deadly civil wars of the past 60 years, including the bloody impasses in the Middle East, devastating tribal warfare in Africa, Cold War-fueled conflicts in Eastern Europe and Asia, the seemingly unbreakable cycle of rebellion and repression in some regions of Latin America, and more. *Civil Wars of the World* moves country by country to describe the causes, course, and consequences of internal conflicts within each nation. Coverage includes the historical background of each country, geographic and economic factors, descriptions of rebel groups and governments (e.g., regime type, size of military capacity, terrorism, foreign and/or intergovernmental organization, IGO intervention, UN foreign support for rebels, foreign aid, and prospects for peace).

New Statesman, 2002

Waging Gendered Wars Dr. Paige Whaley Eager, 2014-03-28 *Waging Gendered Wars* examines through the analytical lens of feminist international relations theory how U.S. military women have impacted and been affected by the wars in Iraq and Afghanistan. Although women were barred from serving formally in ground combat positions within the U.S. armed forces during both wars, U.S. female soldiers are being killed in action. By examining how U.S. military women's agency as soldiers, veterans, and casualties of war affect the planning and execution of war, Whaley Eager assesses the ways in which the global world of international politics and

warfare has become localized in the life and death narratives of female service personnel impacted by combat experience
