Warfare State

James T. Sparrow

Warfare State:

Origins of the Warfare State Carl Boggs, 2016-08-12 The post World War II emergence of a full blown state of perpetual war is arguably the most important feature of contemporary American politics This book examines the warfare state in terms of a broad ensemble of structures policies and ideologies permanent war economy national security state global expansion of military bases merger of state corporate and military power an imperial presidency the nuclear establishment and superpower ambitions Carl Boggs makes the argument that the Good War led to an authoritarian system that has expanded throughout the post war decades undermining liberal democratic institutions and values in the process He goes on to suggest that current American electoral politics show no sign of rolling back the warfare state and in fact may push it to a new threshold bordering on American fascism

Warfare State James T. Sparrow, 2011-05-01 Although common wisdom and much scholarship assume that big government gained its foothold in the United States under the auspices of the New Deal during the Great Depression in fact it was the Second World War that accomplished this feat Indeed as the federal government mobilized for war it grew tenfold quickly dwarfing the New Deal s welfare programs Warfare State shows how the federal government vastly expanded its influence over American society during World War II Equally important it looks at how and why Americans adapted to this expansion of authority Through mass participation in military service war work rationing price control income taxation and the war bond program ordinary Americans learned to live with the warfare state They accepted these new obligations because the government encouraged all citizens to think of themselves as personally connected to the battle front linking their every action to the fate of the combat soldier As they worked for the American Soldier Americans habituated themselves to the authority of the government Citizens made their own counter claims on the state particularly in the case of industrial workers women African Americans and most of all the soldiers Their demands for fuller citizenship offer important insights into the relationship between citizen morale the uses of patriotism and the legitimacy of the state in wartime World War II forged a new bond between citizens nation and government Warfare State tells the story of this dramatic transformation in American life

Warfare, State and Society on the Black Sea Steppe, 1500-1700 Brian Davies, 2014-04-04 This crucial period in Russia s history has up until now been neglected by historians but here Brian L Davies study provides an essential insight into the emergence of Russia as a great power For nearly three centuries Russia vied with the Crimean Khanate the Polish Lithuanian Commonwealth and the Ottoman Empire for mastery of the Ukraine and the fertile steppes above the Black Sea a region of great strategic and economic importance arguably the pivot of Eurasia at the time The long campaign took a great toll upon Russia s population economy and institutions and repeatedly frustrated or redefined Russian military and diplomatic projects in the West The struggle was every bit as important as Russia s wars in northern and central Europe for driving the Russian state building process forcing military reform and shaping Russia s visions of Empire

The "Ulster Guard" (20th N. Y. State Militia) and the War of the

Rebellion Theodore Burr Gates,1879 Annual Report of the Industrial Commissioner New York (State). Department of Labor,1922 Michigan as a state, from its admission to the union to the close of the civil war, by B. M. Cutcheon Henry Munson Utey,Byron M. Cutcheon,1906 American Investments Classified ... ,1900 **The Debates in the Several State Conventions on the Adoption of the Federal Constitution, as Recommended by the General Convention at Philadelphia, in 1787** Jonathan Elliot,1881 **The Rand McNally Bankers' Monthly** ,1917 **Subject Index of the Modern Books Acquired by the British Museum in the Years 1916-1920** British Museum. Department of Printed Books,1922 **Locomotive Engineers Journal** ,1928 **Annual Report of the Attorney General** Virginia.
