War and Remembrance Renée Dickason, Delphine Letort, Michel Prum, Stéphanie A.H. Bélanger, 2022-06-15 Memory while seemingly a thing of the past has much to reveal in the present With its focus on memory War and Remembrance provides new viewpoints in the field of war representation Bringing an interdisciplinary approach to discussions of the cultural memory of war the collection focuses on narratives either fictional or testimonial that challenge ideological discourses of war The acts of remembrance and of waging war are constantly evolving A range of case studies analyzing representations of war in art film museums and literature from Nigeria Australia Sri Lanka Canada and beyond questions our current approaches to memory studies while offering reinterpretations of established narratives Throughout a commitment to Indigenous perspectives to examining the ongoing legacy of colonialism and to a continued reckoning with the Second World War foregrounds what is often forgotten in the writing of a single official history War and Remembrance invites readers to cast a reflexive look at wars and conflicts past some of them forgotten others still vividly commemorated the better to understand the cultural political and social stake of memory as a source of conflict and exchange of resistance and opposition and of negotiation and reconciliation

**War is Obsolete** David Hoicka, 2024-08-02 In an age of frequent wars conflicts and existential risks that transcend borders the old paradigm of war is a moral abomination and in effect a suicide pact for humanity The forces of violence tribalism and domination are deeply entrenched Finding peace demands a revolution of the human spirit one that begins with each of us War is Obsolete draws on insights from psychology history and inspiring peacemakers It demonstrates the shattering costs of armed conflict that require a roadmap to a more just and sustainable future At its core this book is about the choices before us as a civilization will we remain captive to cycles of trauma dehumanization and escalating violence Or bring Peace Happiness and Prosperity to our Homelands With chapters on transforming conflict through nonviolence the power of diplomacy and envisioning a peace economy War is Obsolete offers a comprehensive roadmap But it is more than techniques it nurtures the qualities of empathy compassion and moral imagination that make peace possible From the interpersonal to the international it shows how we can all be agents rejecting domination and ushering in a new paradigm of partnership Blending narrative storytelling incisive analysis and profound spiritual vision War is Obsolete issues an urgent summons to our better angels In these pages the path of peace emerges not as a utopian dream but a practical necessity the only way to meet our generational calling to create a just sustainable and truly human future The choice is ours To ensure broad accessibility this book is priced affordably It is my sincere hope that by making this resource widely available it can have a meaningful positive impact If my book War is Obsolete How to bring Peace Happiness Prosperity to your Homeland instead of war and death can save even one life or bring a measure of happiness to a single individual I will feel a deep sense of fulfillment and happiness myself I will be grateful to be able to make a difference through this work
