Warship Volume X:

Warship, Volume X Andrew D. Lambert, 1986 **Warship** Andrew D. Lambert, 1987 A comprehensive source of information about warships their weapons and their operations **Warship** Victoria Roberts, WARSHIP (Periodical.), John ROBERTS, 1980-11 *Fighting in the Dark* Vincent O'Hara, Trent Hone, 2023-08-30 *Fighting in the Dark* is a new book about naval combat at night the title also however signifies the overarching theme of the book of moving from dark to light in short the process of mastering technological change during war The authors start with the proposition that it is hard to hit an invisible target particularly one in motion In the nineteenth century when ships relied upon visual signaling and vessels beyond hailing range were deaf and mute in the dark night battles at sea were rare and largely accidental Three inventions changed this the torpedo the searchlight and the radio These inventions at the end of the nineteenth and start of the twentieth centuries transformed naval warfare by making combat in the dark feasible and in some cases desirable The process by which navies used the dark and adapted it into a medium for effective combat was long and difficult more so for some than others This book is about that process and about how Russian British German Italian Japanese and US navies confronted the specific new challenges and adapted to unfamiliar situations and emerging technologies *Fighting in the Dark* consists of chapters written by a group of highly respected naval historians and the book's approach illuminates how different navies and cultures approached common problems The fierce night time battles that are described serve as a metaphor for the larger issues and the reader is led along a fascinating journey of naval warfare from the Russo Japanese War through WWI to the Second World War and from the Pacific to the English Channel *Spanish Warships in the Age of Sail, 1700-1860* Rif Winfield, John Tredrea, Enrique García-Torralba Pérez, Manuel Blasco Felip, 2023-05-30 A beautiful work certain to become the standard work in English on the Spanish sailing navy *Seaways Ships in Scale* This book is the latest contribution to a unique series in a common format documenting in great detail the warships of the major naval powers during the age of sail To date four volumes have covered the British Navy two have been devoted to the French Navy and one each to the Dutch and Russian Navies This volume on the Spanish Navy for much of its history the third largest in the world fills the final gap in the ranks of the major maritime powers This book is the first comprehensive listing of these ships in English and covers the development of all the naval vessels owned or deployed by Spain during the period of the Bourbon monarchy from 1700 to 1860 including the period of French control during the Napoleonic Wars but it also sets the scene for that period by summarizing the origins of Spanish naval development under the preceding Habsburg regime As with previous volumes in the series the main chapters list all the naval vessels from 1700 onwards including those 16th century ships which survived into the new regime in 1700 by type with the first chapters listing the ships of the line navos in Spanish terminology and frigates in descending order of firepower and subsequent chapters covering minor and ancillary vessels Where available a brief service history of each individual ship is given Its publication is of the utmost importance to every naval historian and
