## **We Danced All Night:**

*Traditional Music in Coastal Louisiana* Joshua Clegg Caffery, 2013-11-05 Alan Lomax's prolific sixty-four year career as a folklorist and musicologist began with a trip across the South and into the heart of Louisiana's Cajun country during the height of the Great Depression. In 1934 his father John, then curator of the Library of Congress's Archive of American Folk Song, took an eighteen-year-old Alan and a 300-pound aluminum disk recorder into the rice fields of Jennings along the waterways of New Iberia and behind the gates of Angola State Penitentiary to collect vestiges of African American and Acadian musical tradition. These recordings now serve as the foundational document of indigenous Louisiana music. Although widely recognized by scholars as a key artifact in the understanding of American vernacular music, most of the recordings by John and Alan Lomax during their expedition across the central southern fringe of Louisiana were never transcribed or translated, much less studied in depth. This volume presents for the first time a comprehensive examination of the 1934 corpus and unveils a multifaceted story of traditional song in one of the country's most culturally dynamic regions. Through his textual and comparative study of the songs contained in the Lomax collection, Joshua Clegg Caffery provides a musical history of Louisiana that extends beyond Cajun music and zydeco to the rural blues, Irish and English folk songs, play party songs, slave spirituals, and traditional French folk songs that thrived at the time of these recordings. Intimate in its presentation of Louisiana folklife and broad in its historical scope, *Traditional Music in Coastal Louisiana* honors the legacy of John and Alan Lomax by retrieving these musical relics from obscurity and ensuring their understanding and appreciation for generations to come. Includes complete transcriptions of the 1934 Lomax field recordings in southwestern Louisiana. Side-by-side translations from French to English. Photographs from the 1934 field trip and biographical details about the performers.

**Dance Marathons** Carol J. Martin, 1994-01-01 This penetrating analysis of one of the most extraordinary fads ever to strike America details how dance marathons manifested a potent form of drama. Between the two world wars they were a phenomenon in which working class people engaged in emblematic struggles for survival. Battling to outlast other contestants, the dancers hoped to become notable. There was crippling exhaustion and anguish among the contenders, but ultimately it was the coupling of authentic pain with staged displays that made dance marathons a national craze. Within the well-controlled space of theatre they revealed actual life's unpredictability and inconsistencies, and indeed the frightful aspects of social Darwinism. In this grotesque theatrical setting we see also a horrifying metaphor: the ailing nation grappling with difficult times.

The Keres* Edward S. Curtis,1926 A comprehensive and permanent record of all the important tribes of the United States and Alaska that still retain to a considerable degree their primitive customs and traditions The value of such a work in great measure will lie in the breadth of its treatment in its wealth of illustration and in the fact that it represents the result of personal study of a people who are rapidly losing the traces of their aboriginal character and who are destined ultimately to become assimilated with the superior race It has been the aim to picture all features of the Indian life and environment types of the young and the old with their habitations industries ceremonies games and everyday customs Though the treatment accorded the Indians by those who lay claim to civilization and Christianity has in many cases been worse than criminal a rehearsal of these wrongs does not properly find a place here General introduction
