Hogg,2016-04-12 Hitler's regime was notorious for its many experiments and its various secret ploys weapons and technological developments But typically the term secret German weapons only turns up images of the V 1 and V 2 missiles that played a part in bombing London in 1944 But truth be told there were many more unheard of weapons behind the Third Reich Many of these weapons have been unknown to the general public Here one of the world's leading experts on weaponry reveals the sheer magnitude of Hitler's secret weapon projects from the V 3 and the V 4 missiles to the Schmetterling to the German nuclear bomb and more This detailed account of the myths surrounding secret German weapons examines the various fields the Germans concentrated on during their weapon development process and discusses difficulties that arrived in the process and how in many cases the ideas were exploited by other nations German Secret Weapons of the Second World War draws comparisons between similar Allied projects and narrates the deeper purpose behind many of these projects Many of these developments were not completed before the end of the war but have created a solid foundation for many of today's great military developments Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home **Hitler's Miracle Weapons: Secret nuclear weapons of the Third Reich and their carrier systems, the Luftwaffe and Kriegsmarine** Friedrich Georg,2003 **Gun Control in the Third Reich** Stephen P. Halbrook,2025-08-26 Based on secret documents from German archives diaries and newspapers of the time Gun Control in the Third Reich presents the definitive yet hidden history of how the Nazi regime made use of gun control to disarm and repress its enemies and consolidate power The countless books on the Third Reich and the Holocaust fail even to mention the laws restricting firearms ownership which rendered political opponents and Jews defenseless A skeptic could surmise that a better armed populace might have made no difference but the National Socialist regime certainly did not think so it ruthlessly suppressed firearm ownership by disfavored groups Gun Control in the Third Reich spans the two decades from the birth of the Weimar Republic in 1918 through Kristallnacht in

1938 The book then presents a panorama of pertinent events during World War II regarding the effects of the disarming policies And even though in the occupied countries the Nazis decreed the death penalty for possession of a firearm there developed instances of heroic armed resistance by Jews particularly the Warsaw ghetto uprising German Secret Weapons of the Second World War Ian V.
