Weather Proverbs

William Jackson Humphreys

Weather Proverbs:

Weather Wisdom Stewart A. Kingsbury, Mildred E. Kingsbury, Wolfgang Mieder, 1996 This collection of 4 435 proverbs superstitions and signs concerning the weather is the most comprehensive survey ever put together for English and American weather wisdom Included are figurative proverbs predicative sayings superstitions and weather rules attached to particular dates While they lack the scientific precision of modern meteorology these proverbs contain the collective wisdom of generations of people who have depended on knowing at least to some degree of certainty what the weather might bring The texts are based on oral and written sources with each text and its variants being annotated by references to major collections of weather lore from the nineteenth and twentieth centuries In addition to this comprehensive list of traditional meteorological sayings the book also includes an introduction to the origin history dissemination meaning and value of these folk expressions A bibliography for the large field of weather folklore and an index are provided to facilitate the use of this volume Its content should be of interest to anybody interested in weather lore both the general public and professional meteorologists

The Wonder of Weather George D. Freier, 2004-04-01 Despite highly sophisticated computerized technology studied by experts to read and interpret weather and weather patterns there is something about age old weather proverbs folklore poems and sayings that stand the test of time and accuracy Freier s fascination with changeable weather started when he was a child on a Wisconsin farm and although he went on to scientific studies of weather his lifelong collecting of weather folklore has enabled him to put together this remarkable book In addition to the proverbs sayings and folklore and the clear explanation for what they mean Freier also provides info about meteorological issues such as humidity atmospheric pressure fronts occlusions and lightning An original and entertaining book Illus

DUNWOODY,2025 **Encyclopedia of Climate and Weather** Dr. Stephen H. Schneider,2011-06-09 This three volume A to Z compendium consists of over 300 entries written by a team of leading international scholars and researchers working in the field Authoritative and up to date the encyclopedia covers the processes that produce our weather important scientific concepts the history of ideas underlying the atmospheric sciences biographical accounts of those who have made significant contributions to climatology and meteorology and particular weather events from extreme tropical cyclones and tornadoes to local winds [A Book of Quotations, Proverbs and Household Words](#) Sir William Gurney Benham,1907 **Weather Lore** Richard Inwards,2014-12-11 Published in 1893 this is the second edition of an entertaining and fascinating collection of proverbs rhymes and sayings about the weather *Aesthetics of Weather* Madalina Diaconu,2024-09-19 In an age of rife consumption and increasing need for consideration of sustainable social practices an exploration of the aesthetics of weather from various angles becomes vital in shedding light on its importance to our experience of the changing world In response offering the first in depth and nuanced examination of the aesthetics of weather this book underlines the relevance the concept has for scientific communication for fostering sustainable patterns of behaviour and for rejecting the environmentally damaging consumption of landscapes and fine weather In addition it provides examples taken from global contemporary popular culture whilst calling attention to the socioeconomic and political dimensions of individual experience demonstrating and analysing our fascination with and cultural interpretations of weather phenomena in our everyday lives Within its three sections the volume reinvents traditional phenomenological methods to create socially politically and historically embedded phenomenographies and explore the importance of aesthetic practices in shaping our experience of weather and climate It also provides a deeper engagement with general topics such as the relationship between perception emotion imagination and cognition in our aesthetic experience of the weather combining these with aesthetic analyses of the so called fine weather With its broad scope of inquiry ranging from Aristotle to eco phenomenology from the pioneers of scientific meteorology to contemporary art and from everyday aesthetics to geoengineering this book argues that an aesthetics of weather inflected by greater knowledge and the taking of a critical stance towards aestheticism can become a valuable ally to climate ethics in the Anthropocene **Weather Proverbs** H. H. Dunwoody,1977-06 The study of popular weather prognostics has been considered of such interest that meteorologists have given this subject much attention **Bulletin of the American Meteorological Society** ,1923 List of members in v 1 8
