Welcome to the Algebra2go® beginning algebra resources page. Whether you are attending Saddleback College's beginning algebra class (math 251), taking a beginning algebra class at another school, or need to refresh your math skills for a business or science class, we have tools that can help you. At this time we can offer three types of study materials: class notes, video lectures, and video worksheets. Whichever materials you decide to use, we would appreciate your feedback. Please let Professor Perez know what you liked and didn't like about these materials by sending him an [e-mail](#).

Class Notes

Charlie isn't the best note-taker, but fortunately for him (and for us), his friend Candice is. She has loaned her comprehensive, hand-written notes on every lecture to Charlie and you can see them here. Another of Charlie's friends, Eduardo, has even translated many of the notes into Spanish. The notes are saved in the .pdf format. If your computer doesn't already read these files, you can download the free [Adobe Acrobat Reader](#).
