

A scene from a play. In the foreground, a young boy with light brown hair is wearing a black top hat, a white shirt, a black bow tie, and a black vest. He is holding a black hat in front of him with both hands. In the background, a man with a balding head and a long white beard is wearing a dark, long-sleeved robe. He is standing in a doorway, looking towards the boy. The room is dimly lit with warm, yellow light. There are various props on the walls, including a framed picture of a bird, a framed picture of a building, and a framed picture of a face. A desk with a lamp is visible on the left, and a chair is visible on the right.

Critical Essays on the Writings of Lillian Smith Tanya Long Bennett,2021-11-01 Contributions by Tanya Long Bennett David Brauer Cameron Williams Crawford Emily Pierce Cummins April Conley Kilinski Justin Mellette and Wendy Kurant Rollins As a white woman of means living in segregated Georgia in the first half of the twentieth century Lillian Smith 1897 1966 surprised readers with stories of mixed race love affairs mob attacks on outsiders and young female campers exploring their sexuality Critical Essays on the Writings of Lillian Smith tracks the evolution of Smith from a young girls camp director into a courageous artist who could examine controversial topics frankly and critically while preserving a lifelong connection to the north Georgia mountains and people She did not pull punches in her portrayals of the South and refused to obsess on an idealized past Smith took seriously the artist s role as she saw it to lead readers toward a better understanding of themselves and a more fulfilling existence Smith s perspective cut straight to the core of the neurotic behaviors she observed and participated in To draw readers into her exploration of those behaviors she created compelling stories using carefully chosen literary techniques in powerful ways With words as her medium she drew maps of her fictionalized southern places revealing literally and metaphorically society s disfunctions Through carefully crafted points of view she offers readers an intimate glimpse into her own childhood as well as the psychological traumas that all southerners experience and help to perpetuate Comprised of seven essays by contemporary Smith scholars this volume explores these fascinating aspects of Smith s writings in an attempt to fill in the picture of this charismatic figure whose work not only was influential in her time but also is profoundly relevant to ours

How Am I to Be Heard? Lillian Smith,2018-06-15 This compelling volume offers the first full portrait of the life and work of writer Lillian Smith 1897 1966 the foremost southern white liberal of the mid twentieth century Smith devoted her life to lifting the veil of southern self deception about race class gender and sexuality Her books essays and especially her letters explored the ways in which the South s attitudes and institutions perpetuated a dehumanizing experience for all its people white and black male and female rich and poor Her best known books are Strange Fruit 1944 a bestselling interracial love story that brought her international acclaim and Killers of the Dream 1949 an autobiographical critique of southern race relations that angered many southerners including powerful moderates Subsequently Smith was effectively silenced as a writer Rose Gladney has selected 145 of Smith s 1500 extant

letters for this volume Arranged chronologically and annotated they present a complete picture of Smith as a committed artist and reveal the burden of her struggles as a woman including her lesbian relationship with Paula Snelling Gladney argues that this triple isolation as woman lesbian and artist from mainstream southern culture permitted Smith to see and to expose southern prejudices with absolute clarity
