

White Flight

Sebastian Brünink

White Flight:

White Flight Kevin M. Kruse, 2013-07-11 During the civil rights era Atlanta thought of itself as The City Too Busy to Hate a rare place in the South where the races lived and thrived together Over the course of the 1960s and 1970s however so many whites fled the city for the suburbs that Atlanta earned a new nickname The City Too Busy Moving to Hate In this reappraisal of racial politics in modern America Kevin Kruse explains the causes and consequences of white flight in Atlanta and elsewhere Seeking to understand segregationists on their own terms White Flight moves past simple stereotypes to explore the meaning of white resistance In the end Kruse finds that segregationist resistance which failed to stop the civil rights movement nevertheless managed to preserve the world of segregation and even perfect it in subtler and stronger forms Challenging the conventional wisdom that white flight meant nothing more than a literal movement of whites to the suburbs this book argues that it represented a more important transformation in the political ideology of those involved In a provocative revision of postwar American history Kruse demonstrates that traditional elements of modern conservatism such as hostility to the federal government and faith in free enterprise underwent important transformations during the postwar struggle over segregation Likewise white resistance gave birth to several new conservative causes like the tax revolt tuition vouchers and privatization of public services Tracing the journey of southern conservatives from white supremacy to white suburbia Kruse locates the origins of modern American politics Some images inside the book are unavailable due to digital copyright restrictions

Shades of White Flight Mark T. Mulder, 2015-03-12 Since World War II historians have analyzed a phenomenon of white flight plaguing the urban areas of the northern United States One of the most interesting cases of white flight occurred in the Chicago neighborhoods of Englewood and Roseland where seven entire church congregations from one denomination the Christian Reformed Church left the city in the 1960s and 1970s and relocated their churches to nearby suburbs In Shades of White Flight sociologist Mark T Mulder investigates the migration of these Chicago church members revealing how these churches not only failed to inhibit white flight but actually facilitated the congregations departure Using a wealth of both archival and interview data Mulder sheds light on the forces that shaped these midwestern neighborhoods and shows that surprisingly evangelical religion fostered both segregation as well as the decline of urban stability Indeed the Roseland and Englewood stories show how religion often used to foster community and social connectedness can sometimes help to disintegrate neighborhoods Mulder describes how the Dutch CRC formed an insular social circle that focused on the local church and Christian school instead of the local park or square or market as the center point of the community Rather than embrace the larger community the CRC subculture sheltered themselves and their families within these two places Thus it became relatively easy when black families moved into the neighborhood to sell the church and school and relocate in the suburbs This is especially true because in these congregations authority rested at the local church level and in fact they owned the buildings themselves Revealing how a dominant form of evangelical church

polity congregationalism functioned within the larger phenomenon of white flight Shades of White Flight lends new insights into the role of religion and how it can affect social change not always for the better **White Flight/Black Flight** Rachael A. Woldoff,2011-08-15 Urban residential integration is often fleeting a brief snapshot that belies a complex process of racial turnover in many U S cities White Flight Black Flight takes readers inside a neighborhood that has shifted rapidly and dramatically in race composition over the last two decades The book presents a portrait of a working class neighborhood in the aftermath of white flight illustrating cultural clashes that accompany racial change as well as common values that transcend race from the perspectives of three groups white stayers black pioneers and second wave blacks Rachael A Woldoff offers a fresh look at race and neighborhoods by documenting a two stage process of neighborhood transition and focusing on the perspectives of two understudied groups newly arriving black residents and whites who have stayed in the neighborhood Woldoff describes the period of transition when white residents still remain though in diminishing numbers and a second less discussed stage of racial change black flight She reveals what happens after white flight is complete Pioneer blacks flee to other neighborhoods or else adjust to their new segregated residential environment by coping with the loss of relationships with their longer term white neighbors signs of community decline and conflicts with the incoming second wave of black neighbors Readers will find several surprising and compelling twists to the white flight story related to positive relations between elderly stayers and the striving pioneers conflict among black residents and differences in cultural understandings of what constitutes crime and disorder Black In-migration, White Flight, and the Changing Economic Base of the Central City William H. Frey,1979 White Flight/Black Flight Rachael A. Woldoff,2011-04-15 Urban residential integration is often fleeting a brief snapshot that belies a complex process of racial turnover in many U S cities White Flight Black Flight takes readers inside a neighborhood that has shifted rapidly and dramatically in race composition over the last two decades The book presents a portrait of a working class neighborhood in the aftermath of white flight illustrating cultural clashes that accompany racial change as well as common values that transcend race from the perspectives of three groups white stayers black pioneers and second wave blacks Rachael A Woldoff offers a fresh look at race and neighborhoods by documenting a two stage process of neighborhood transition and focusing on the perspectives of two understudied groups newly arriving black residents and whites who have stayed in the neighborhood Woldoff describes the period of transition when white residents still remain though in diminishing numbers and a second less discussed stage of racial change black flight She reveals what happens after white flight is complete Pioneer blacks flee to other neighborhoods or else adjust to their new segregated residential environment by coping with the loss of relationships with their longer term white neighbors signs of community decline and conflicts with the incoming second wave of black neighbors Readers will find several surprising and compelling twists to the white flight story related to positive relations between elderly stayers and the striving pioneers conflict among black residents and differences in cultural understandings of what constitutes crime and disorder

An Introduction to the Theory of the Human Mind James Ussher,1910 **The American Stud Book** ,1910
 Containing full pedigree of all the imported thorough bred stallions and mares with their produce *Journal of Genetics*
 ,1913 *Losing the Race* John McWhorter,2001-07-31 Berkeley linguistics professor John McWhorter born at the dawn of
 the post Civil Rights era spent years trying to make sense of this question Now he dares to say the unsayable racism s ugliest
 legacy is the disease of defeatism that has infected black America *Losing the Race* explores the three main components of
 this cultural virus the cults of victimology separatism and antiintellectualism that are making blacks their own worst enemies
 in the struggle for success More angry than Stephen Carter more pragmatic and compassionate than Shelby Steele more
 forward looking than Stanley Crouch McWhorter represents an original and provocative point of view With *Losing the Race* a
