**The 10-Second Commute** Terri R. Kurtzberg, Mason Ameri, 2022-10-18 Virtual work which was steadily on the rise even before the pandemic is explored in this timely book that describes the impact of technology on our work experiences ranging from the individual psychological level to the broad societal implications Widespread remote work is now possible but it comes with its share of frustrations Virtual work has changed our lives in ways big and small from trying to balance our time to what we wear and where we sit and from how we communicate to where we should look during a videoconference It s also fundamentally changed what kinds of jobs we can now do Grounded in research and including lively personal anecdotes The 10 Second Commute provides a thoughtful and comprehensive scan of the nature of virtual work The authors both researchers in management and technology explore the current questions of our virtual lives such as Why Zoom instead of Skype Why are emojis so useful Why is videoconferencing so exhausting How does diversity at work both help and hinder productivity Virtual work is more than just work it permeates our whole lives and it will continue to do so as hybrid work arrangements become the new normal Helping readers better understand the virtual work experience this book will engage and inform everyone who is still trying to make it work [The Hidden Places of World War II](#) Jerome M.

O'Connor, 2022-02-15 In [The Hidden Places of WWII](#) the author takes readers to overlooked places where WWII history was made These are sites that were thought to be closed or locked away forever or in some cases thought never to exist at all or were ignored by military historians for decades With historical photos contemporary photos and written in a conversational style the book opens the eyes of a new generation of readers as well as an older generation and takes them to the actual locations that changed history Many military history readers don t know that you can still visit Nazi U boat pens in Lorient and La Rochelle on the French Atlantic coast they were used in the filming of Raiders of the Lost Ark and even pieces of the Atlantic Wall Hitler had built along the French coast in 43 and 44 to thwart the invasion he knew was coming These are only two of the many hidden places the author introduces the reader to [The Beginning: Breath of War](#) R. Malak, 2018-07-24

[The Beginning](#) is a mixture of science fiction fantasy mystery and survival Devastated by war with unknown creatures a roamer Talmen searches for his long lost brother in the hopes of re uniting his broken family Cora a resourceful ranger trained in both stealth and marksmanship heads out with her new squadron to eliminate a threat posed to her home by an Orc WarHorde Togran Ka leader of the WarHorde finds himself embroiled in ancient rivalries and blood feuds His attempts to adapt to human weaponry which causes much hate among the believers of Sezrath Lucy and Rollo siblings abandoned by their parents make their living selling items they have scavenged and repaired to any surviving human settlements Opposite sides of the same coin Rollo is a cheerful boy with the glow of innocence still about him whereas Lucy is an overprotective woman who fears for the future The Mother a creature of pure malevolence seeks to cleanse the world [The Admiralty List of Wireless Signals](#) Great Britain. Hydrographic Office, 1922 **Programming the Network with Perl** Paul

Barry,2003-01-10 After providing an introduction to the Perl programming language this helpful guide teaches computer networking using Perl Topics discussed include ethernet network analysis programming standard Internet protocols and exploring mobile agent programming Each chapter provides a general discussion of the technologies under consideration the support for programming the technologies as provided by Perl and implementations of working examples Covers Mobile Agent Technology which is set to become one of the next big things on the Internet Further information is supplied including a listing of Web and print resources programming exercises and tips to expand the reader s understanding of the material
