Cheock, 2023-10-13 The historical records revealed in Prehistoric Philippine Money becomes an valuable resource about our past preserved in the treasures of our ancestors Money is essential and flourish This book serves to shine a light on the sophistication and capabilities of our amazing ancestors from the beginning it also reveals the wealth of international connections they had from antiquity an abundance of currencies from numerous ancient peoples that are found in the Philippines remain a silent but convincing witness to the truth of our histories *The Portfolio* ,1893 The First Thousand Years of Glass-Making in the Ancient Near East Wendy Reade, 2021-04-08 This volume explores glass composition and production from the mid second to mid first millennia BC the first thousand years of glass making Multi element analyses of 132 glasses from Pella in Jordan and Nuzi and Nimrud in Iraq ancient Mesopotamia produce new and important data that provide insights into the earliest glass production **The Road Past Monchy** Terence Loveridge, 2024-03-05 Terence Loveridge offers a unique look at the land and air operations around the strategic village of Monchy le Preux at the center of the western front during World War I The story of the Great War is usually one of condemnation or rehabilitation of strategists and consecration of the common soldier while the story of those who planned directed and led operations on the ground has generally been overlooked Loveridge uses experiences of junior leaders fighting around the key terrain of Monchy le Preux to challenge the currently accepted views and reveal that the Great War despite subsequent impression was a surprisingly dynamic effort conducted in an arena of constantly evolving practices techniques and technology Less well known than its contemporary campaigns at the Somme Verdun or Passchendaele Monchy also carries less preconceived baggage and thus offers a prime opportunity to reevaluate the accepted wisdom of the events personalities and understandings of the Great War The Road Past Monchy offers readers a unique chance to uncover the lost perspective of junior war leaders in a theater of war that saw almost continuous operations from 1914 through to 1918 **The Spirit of Missions** ,1913 Includes the proceedings of the annual meeting of the Society
Mount Royal Mary Elizabeth Braddon, 1882 **The Nurse** ,1916 *The Mystery* Stewart Edward White, Samuel Hopkins Adams, 1907 **Neighbours and Successors of Rome** Daniel Keller, Jennifer Price, Caroline Jackson, 2014-05-30 Presented through 20 case studies covering Europe and the Near East Neighbours and Successors of Rome investigates development in the production of glass and the mechanisms of the wider glass economy as part of a wider material culture in Europe and the Near East around the later first millennium AD Though highlighting and solidifying chronology patterns of distribution and typology the primary aims of the collection are to present a new methodology that emphasises regional workshops scientific data and the wider trade culture This methodology embraces a shift in conceptual approach to the study of glass by explaining typological change through the existence of a thriving supra national commercial network that responded to market demands and combines the results of a range of new scientific techniques into a framework that

stresses co dependence and similarities between the various sites considered Such an approach particularly within Byzantine and Early Islamic glass production is a pioneering concept that contextualises individual sites within the wider region By twinning a critique of archaeometric methods with the latest archaeological research the contributors present a foundation for glass research seen through the lens of consumption demands and geographical necessity that analyses production centres and traditional typological knowledge In so doing they bridge an important divide by demonstrating the co habitability of diverse approaches and disciplines linking for example the production of Campanulate bowls from Gallaecia with the burgeoning international late antique style Equally the particular details of those pieces allow us to identify a regional style as well as local production As such this compilation provides a highly valuable resource for archaeologists anthropologists and art historians
