

So what is System Safety Engineering?

“The essence of System Safety is that the system does what it is supposed to do, and does not do what it is not supposed to do”

System Safety Society

“System Safety is the application of special technical and managerial skills to the systematic, forward-looking identification and control of hazards throughout the lifecycle of a project, program or activity”

Harold Roland and Brian Moriarty

“System Safety uses systems theory and systems engineering approaches to prevent foreseeable accidents, and to minimise the result of unforeseen ones”

Nancy Leveson
