Copyright Office,1978 **Rocket Summer** Chip Street,2012-11-11 a real page turner riveting and profound Binghamton Children's Books Examiner This might be the dumbest thing they've ever done Lacey Patterson just made an exciting and dangerous discovery She's found an old crate filled with surplus military rockets Now she could do the right thing like telling her dad Or she could do the fun thing and talk her friends Kenny and Charlie into building a rocket powered car on the outskirts of town It's not like anybody pays any attention to what they're up to Her dad is still mourning her mom's passing after three years so he's splitting his time between working and sitting alone in a dark house And Kenny's old man pretty much ignores him and his sister Darlene unless they forget to feed the chickens even then all they get is a whack and a bruise That's why stealing parts from his shop seems like the best and worst part of the plan Charlie's dad might be their biggest problem not only is he all attentive and curious and whatnot he's the Sheriff So keeping him in the dark is job one Of course they've got no skills for building cars and none of them even has a license But with enough duct tape and baling wire and a healthy dose of not knowing any better they're bent on making this a summer to remember if they can just stay alive long enough to enjoy it If you're looking for a YA coming of age story that's funny thrilling and heart breaking this is the one *Teaching to Meet the Challenges of the Space Age* Florence V.
