## **The Cyprus Triangle:**

**The Cyprus triangle**, 1982      **The History and Politics of the Cyprus Conflict** Clement Dodd, 2010-04-21 The Cyprus conflict was for long an inactive volcano but it erupted violently in 1955 1963 and 1974 Now more of a smouldering fire its persistence is a serious obstacle on Turkey's route to EU accession Uniquely utilizing Turkish sources this book looks at how the conflict has developed since 1978

**Cyprus** Andrew Borowiec, 2000-01-30 Borowiec portrays Cyprus as a permanent source of tension in the Eastern Mediterranean and a potential trigger for future conflict between Greece and Turkey He describes the depth of animosity between Greek and Turkish Cypriots and analyzes the obstacles in the path of a search for a solution Most casual observers see the conflict between Greeks and Turks on a strategic Mediterranean island as a struggle within a sovereign state Borowiec concludes that there has never been a Cypriot nation only Greeks and Turks living in Cyprus separated by the hostility reflecting the traditional animosity between their motherlands If these two groups could forget their past conflicts as did for example Germany and Poland there might be a way to end the partition of Cyprus At the present time however the crisis is likely to continue with varying degrees of tension threatening the entire Eastern Mediterranean and undermining NATO's cohesion Borowiec traces the history of Cyprus from antiquity through Ottoman and British colonial rule and the post independence period He describes the break between the island's communities in 1963 the UN intervention of 1964 and the path toward the Athens junta's coup in 1974 which caused the Turkish invasion and occupation of the northern part of Cyprus He compares the conflicting views of the protagonists the Greek Cypriot majority and the Turkish Cypriot minority Considerable attention is paid to the two separate economic and political entities on the island Borowiec analyzes the futility of myriad international mediation efforts and suggests possible ways of creating a climate propitious to dialogue This important new look at the Cypriot conflict will be valuable to researchers policy makers and scholars involved with the Eastern Mediterranean and conflict peace studies

*The Rhetoric of the Cyprus Problem* Iakovos Menelaou, 2021-12-31 This book is not another history of the Cyprus problem It is an analysis of the forces and policies which led to the traumatic experience of 1974 and the geographical separation of the two largest Cypriot communities the Greek Cypriots and the Turkish Cypriots Also it is an analysis of those forces which keep the island divided Why is Cyprus a divided island What led to this division What forces keep the two communities apart Why was the Annan Plan rejected How important is the role of the motherlands Are there any geostrategic interests Why is Cyprus important in the geopolitics of the Eastern Mediterranean This book deals with these and other questions and the analysis is based on declassified documents and other primary material

**Betrayal—The Other Side of the Cyprus Case** Mustafa Ergün Olgun, 2025-08-05 This book explores the little known root cause and nature of the Cyprus conflict fills the huge gaps that have been over time airbrushed out of Cyprus's postcolonial history traces the UN led settlement process from 1964 to 2025 sharing Turkish Cypriot and Greek Cypriot positions at the talks evaluates the performance of the UN in Cyprus identifies the

key reasons that have contributed to the failure of the talks and sheds light on the needs of an equality based fair and sustainable settlement in the critical strategic geography that Cyprus finds itself

**Greece, Turkey, Cyprus** Richard Buckley,1998 *Resolving the Cyprus Conflict* M. Michael,2009-11-09 By placing the conflict in its historical ideological ethno political and geostrategic context the book extends beyond conventional realist approaches and lays bare those less visible dimensions that are often ignored by analysts and policy makers alike

*The Cyprus Question as an Issue of Turkish Foreign Policy and Turkish-American Relations, 1959-2003* Nasuh Uslu,2003 This book mainly focuses on the Cyprus question as a pivotal issue of Turkish foreign policy and Turkish American relations The Cyprus question was a constant factor in US Turkish relations in the past and it still conditions the Turkish American alliance which is an important element of the present international relations The period covered in this book is from 1960 1975 After experiencing a perfect honeymoon period in the 1950s the durability strength and cohesion of the US Turkish alliance were tested by severe problems between 1960 and 1975 At the core of all the problems was there the Cyprus question affecting the general tendency of the relationship between the two countries and the attitude of policy makers of both states Finally the period covering from 1974 onward up to the present is generally studied with particular emphasis on Turkish American relations and a supplementary chapter at the end of the book gives the latest developments from the Turkish point of view

**The Cyprus Referendum** Chrysostomos Pericleous,2009-06-17 The Cyprus referendum of 2004 was a definitive moment in the recent history of Cyprus The island s future hung in the balance specifically the fate of the controversial Annan Plan which proposed the creation of a single United Cyprus Republic with two constituent states Accepted by the Turkish side but rejected by Greek Cypriots the Plan was not implemented In this balanced account of a highly charged period Chrysostomos Pericleous offers an exhaustive treatment of the events that culminated in the referendum and through his comparative study explains the positions ultimately taken by Greek and Turkish Cypriots The Cyprus Referendum presents the definitive account of the course of action taken by President Tassos Papadopoulos and his ruling coalition which ultimately led to the resounding No vote on the Annan Plan by the Greek Cypriots at the referendum Pericleous places the events on the island within a wider global context focusing especially on the re orientation of US

foreign policy in the Greece Turkey Cyprus triangle Drawing together all the evidence the author explores the consequences for the island and whether the rejection of the referendum will lead to a period of decline for Cyprus unless a dramatic change occurs in Greek Cypriot politics An important contribution to the study of Cypriot politics The Cyprus Referendum provides readers with a deeper insight into the broader political framework within which the UN peace initiative in Cyprus has developed It is a meticulous study of a critical moment in Cypriot history and the depth of its research makes the book invaluable for anyone interested in the island past present and future The Cyprus Imbroglia Clement Henry Dodd,1998 This is a short history and analysis of the Cyprus issue examining both Greek and Turkish Cypriot accounts of the development of the dispute It then summarizes the legal argumentation on both sides and evaluates the success of the confidence building measures the UN sponsored negotiations and the effects of the catalyst provided by the promised EU accession talks with the Greek Cypriots The arms build up in the Eastern Mediterranean and the regional and international implications of the Cyprus issue are also examined Documents important to understanding the problem are appended **The Cyprus Agricultural Journal** ,1918 Britain and the Cyprus Crisis, 1963-1964 James Ker-Lindsay,2004 **Cyprus** Erol Manisali,2000 **The Historical Determinants of the Cyprus Conflict** Can Bayraktar,1993
