Why Not Me:

Seized Holly Eckert, 2024-01-30 About the Book Millions of Americans have epilepsy At age 34 Holly Eckert joined them From the day she discovered that through many years her life became a journey of personal growth and self discovery Why was this happening What should she do Who was she now that she seized These were only a few of the questions she asked herself in the face of her new reality Holly s walk with chronic illness became one of awakening and healing In it she learned many lessons in life while confronting the flaws failures ignorance and corruption permeating the American medical industry and sensing first hand the resiliency of the human mind and body Daily tending to the chores of chronic illness she scoffed at the paradox between the medical industry s responses and her own life s experiences Over time Holly realized that illness can play important positive roles in a human life Traveling her path where health and illness intertwine it became clear to her that illness can give as much as it takes away This convinced her that when allowed the time and space to be ill a person can find true health again a real life phenomenon rarely discussed by doctors and patients In Seized Searching for Health In the United States Holly tells the story of her journey with illness That well told personal tale provides a lens through which a reader can explore the common experience of searching for health in the United States Who would have imagined that it would be a dance artist who does so well exploring the many dimensions of illness and the failures of the United States healthcare system but that s precisely what happens here in Seized About the Author Holly Eckert grew up in a small town in the mountains of Idaho where she learned to dance from a former ballerina with the New York Ballet who also lived there After high school she took her scholarships and went to The Evergreen State College There she combined dance and social sciences to create her own integrated studies program Her education prepared her to go to Seattle and pursue her artistic mission of exploring substantive topics inside the art of dance Winning awards and praise for her artwork Holly pursued her passion with passion and made choreography about things like the experience of fear and the injustices of the US prison system She was healthy and strong into her mid thirties when one day she suddenly began seizing uncontrollably Epilepsy quickly overwhelmed her life It sent Holly on a diverse personal journey On her travels she discovered many new things about herself and as she did she learned more and more about the potentials for healing that exist inside the human body She also learned a great deal about the tragic failures of the United States medical system that often inhibits these possibilities from being realized Knowing that she liked to write as well as dance Holly decided to tell this story through words not movements Her readers continually give her praise for her efforts

Delivered by Midwives Jenny M. Luke,2018-10-04 Winner of the 2019 American Association for the History of Nursing Lavinia L Dock Award for Exemplary Historical Research and Writing in a Book Catchin babies was merely one aspect of the broad role of African American midwives in the twentieth century South Yet little has been written about the type of care they provided or how midwifery and maternity care evolved under the increasing presence of local and federal health care structures Using evidence from nursing medical and public health journals of the era primary sources from state and county departments of health and personal accounts from varied practitioners Delivered by Midwives African American Midwifery in the Twentieth Century South provides a new perspective on the childbirth experience of African American women and their maternity care providers Author Jenny M Luke moves beyond the usual racial dichotomies to expose a more complex shift in childbirth culture revealing the changing expectations and agency of African American women in their rejection of a two tier maternity care system and their demands to be part of

an inclusive desegregated society Moreover Luke illuminates valuable aspects of a maternity care model previously discarded in the name of progress High maternal and infant mortality rates led to the passage of the Sheppard Towner Maternity and Infancy Protection Act in 1921 This marked the first attempt by the federal government to improve the welfare of mothers and babies Almost a century later concern about maternal mortality and persistent racial disparities have forced a reassessment Elements of the long abandoned care model are being reincorporated into modern practice answering current health care dilemmas by heeding lessons from the past

Minnesota Symposia on Child Psychology J. P. Hill, 2014-05-12 First published in 1981 This is a collection of papers presented at the second of the annual Minnesota Symposia on Child Psychology which was held in May 1967 at the University of Minnesota by the Institute of Child Development

The New Monthly Magazine ,1879 *Caprice* Geza Silberer, Sil-Vara, Philip Moeller, 1929 *Golden stories* ,1904 *Heroines of Fiction* William Dean Howells, 1903 *The Judgment* Mary Rayner Hyman King, 1911 *Baily's Magazine of Sports and Pastimes* ,1923 **Journal of Education** ,1928 **Motor World Wholesale** ,1921 **The Manual of the Holy Catholic Church** James Joseph McGovern, 1906 **Any Ordinary Day** Leigh Sales, 2019-02 As a journalist Leigh Sales often encounters people experiencing the worst moments of their lives in the full glare of the media But one particular string of bad news stories and a terrifying brush with her own mortality sent her looking for answers about how vulnerable each of us is to a life changing event What are our chances of actually experiencing one What do we fear most and why And when the worst does happen what comes next In this wise and layered book Leigh talks intimately with people who ve faced the unimaginable from terrorism to natural disaster to simply being in the wrong place at the wrong time Expecting broken lives she instead finds strength hope even humor Leigh brilliantly condenses the cutting edge research on the way the human brain processes fear and grief and poses the questions we too often ignore out of awkwardness Along the way she offers an unguarded account of her own challenges and what she s learned about coping with life s unexpected blows Warm candid and empathetic this book is about what happens when ordinary people on ordinary days are forced to suddenly find the resilience most of us don t know we have

A Guide-book to the Poetic and Dramatic Works of Robert Browning George Willis Cooke, 1891 *House & Garden* ,1921
