Implementing Virtual Teams Abigail Edwards, John R. Wilson, 2017-05-15 Many organizations worldwide are currently exploring the potential gains to be made from working with virtual teams Although many different things are meant by use of virtual and indeed by teams usually it denotes groups of people with common purpose and goals working in different locations and often different time zones they will be interconnected via a variety of telecommunications networks perhaps including the Internet and intranet video conferencing shared white boards as well as telephone mail and e mail For organizations implementing such virtual teams there is a great need for guidance in terms of the organizational structure and support which needs to be put in place This book offers a practical guide to developing

virtual teams providing both an overview of what is involved and also a clear simple framework around which organizations can build their own implementation process Although the different support technologies are discussed at a generic level the thrust of the book is on the organizational and human factors issues which must be addressed to make virtual teams a success It contains detailed case studies to show how virtual teams work and where they can go wrong
