## **Wolf Man:**

The Wolf Man's Magic Word Nicolas Abraham, Maria Torok, 2005-10-01 An innovative literary analysis of Freud's Wolf Man

**The Wolf Man's Burden** Lawrence Johnson, 2001 The Wolf Man was Sigmund Freud's most famous patient, a man whose enigmatic childhood dream of being gazed at by wolves outside his bedroom window bedeviled the founding practitioners of psychoanalysis. More than simply a rich source of imagery and meaning, though the Wolf Man case might be interpreted as the primal scene of psychoanalysis itself, Lawrence Johnson regards the creation of the psychoanalytic case study as the writing of two lives: those of the analyst and the analyst's own biography and subjective viewpoint could hardly fail to bear a direct influence on the institution of psychoanalysis. When Freud met the patient known as the Wolf Man, Johnson maintains, psychoanalysis was at an impasse because of Freud's inability to work through repressed material from his own childhood. Freud overcame this impasse through a countertransference that cast his patient in the role of a rival for the control of psychoanalysis; his means for vanquishing him set the terms for Freud's legacy to psychoanalysis. Johnson offers a rigorous methodological framework for discussing the relationship between psychoanalytic writing and the lives of those who engage in it. He fruitfully extends the work of Nicholas Abraham, Maria Torok, and Jacques Derrida into the realm of Freud's own life. The result is both sophisticated psychobiography and psychoanalytic theory grounded firmly in historical lives.

**Wolf Man** Edo van Belkom, 2022-09-20 The stunning conclusion to the critically acclaimed Wolf Pack series: the inspiration for the hit show on Paramount Werewolf Rising. Battling a wolf to save a little girl's life makes Argus Brock a local hero. But what the small town of Redstone doesn't know is that the tough teenager is secretly a werewolf. Which means the wolf Argus bit during the fight is now a werewolf too. But unlike Argus and his wolf pack siblings, this wolf man is far from tame. When the new werewolf takes the life of a beloved pet, a bounty is put on the head of every wolf in Redstone Forest. Now Noble Argus, Harlan, and Tora can no longer escape to the woods to run free and relish their wolfen nature, making their hometown suddenly feel too small and all too dangerous. Then the werewolf shows up at the Brock family home, a wounded wolf in his arms and a plea for help in his eyes. Alongside the forest ranger who raised them, the wolf pack works together to protect one of their own. But who will protect the pack when the truth emerges about their wild and mysterious nature?

**The Wolfman and Other Cases** Sigmund Freud, 2003-06-24 When a disturbed young Russian man came to Freud for treatment, the analysis of his childhood neuroses, most notably a dream about wolves outside his bedroom window, eventually revealed a deep-seated trauma. It took more than four years to treat him, and The Wolfman became one of Freud's most famous cases. This volume also contains the case histories of a boy's fear of horses and the Ratman's violent fear of rats, as well as the essay "Some Character Types" in which Freud draws on the work of Shakespeare, Ibsen, and Nietzsche to demonstrate different kinds of resistance to therapy. Above all, the case histories show us Freud at work in his own words.
