Theiska Castillo Medina,2012-08* En Se fij en m podr s encontrar el testimonio de una ni a mujer que ha pasado situaciones d a a d a Pero que no fue hasta un tiempo atr s que se dio cuenta que deb a fijarse en Dios as como el se fij en ella La diferencia fue que Dios ya se hab a fijado desde antes que naciera En cambio ella tuvo y ha tenido que pasar por situaciones tan graves como la destrucci n de su matrimonio para darse cuenta que Dios es el nico fiel Que antes de enamorarnos de alguien debemos enamorarnos de Dios Cuenta con dos partes con el prop sito de alentar vidas y que se den cuenta que la Fe y el amor es el conjunto perfecto para recibir el abrazo de Dios diariamente en nuestras vidas **The Road to Nowhere** Matt Patrick,2016-05-18 In the 2016 spring semester the Patrick Tannenhau Hernandez Sophomore team embarked upon a journey A journey to discover what drives people to move Focusing on U S Latin American immigration during the twentieth and twenty first centuries students were exposed to an array of perspectives and policies Combining Spanish and Humanities language and culture preconceptions were challenged and minds opened Forming groups students selected a Latin American country and attempted to get inside the minds of those affected by immigration Often victims of more powerful forces the immigrant s story is rarely told Through works of historical fiction students revealed why immigrants leave their homeland what they experience on their journey and how their life is altered once in the U S *The Mystical Science of the Soul* Jessica A. Boon,2012-01-01 Ultimately I propose that considering internalization as embodiment

is a critical methodological shift in understanding mystical methods in general and especially for probing recollection mysticism in depth The inner man as opposed to the outer man is a Pauline and Lutheran commonplace that is too frequently taken out of context leading historians of the Renaissance in general and of Spanish Renaissance religion in particular to value references to internal or mental methods of spirituality as an improvement over external or bodily rituals This book takes its cue from the recent cognitive turn in medieval studies that complicates studies of the body in religion by focusing on the embodied aspects of cognition claiming a continuum between body and soul rather than a hierarchy I argue that medieval theories of cognition made the divorce of the body from the soul impossible for a Galenic doctor even one who spoke of the body and the world with contempt and by implication impossible for his Castilian audience Without serious consideration of Laredo's reliance on an embodied soul rather than on a body-soul dualism therefore no proper assessment of the unitive stage of recogimiento can be made Introduction p 67
