## Woman Hating:

**Woman Hating** Andrea Dworkin, 2025-02-25 Reissued with a bold modern package Andrea Dworkin's debut book *Woman Hating* argues that a deep rooted hatred of women in history art politics and beyond has reigned and influenced and formed culture for centuries A classic work in the canon of radical feminist thinking Andrea Dworkin's 1974 debut *Woman Hating* is a stunning exploration of how women and the idea of women have been treated through the centuries From fairy tales to erotic novels to medieval witch burnings Dworkin uncovers the ways in which a rhetoric of hate and violence against women has been historically normalized leading to a history of degradation mutilation and even killing *Women Hating* Andrea Dworkin, 2025-02-25 This book is an action a political action where revolution is the goal Andrea Dworkin's blazing prophetic debut argued that a deep rooted hatred of women has been ingrained in society for centuries and still governs us today From fairy tales to erotic novels to witch burnings she uncovers the ways in which male violence and oppression have been normalized throughout history and points the way to liberation To see where we are going we must understand where we have been *Woman Hating* is a much needed and long overdue addition toward that understanding Audre Lorde A singularly powerful voice Dworkin gave definitive expression to the radical feminist tenet that sexual domination was the beating heart of patriarchy Amia Srinivasan LRB *A Woman-hater* Charles Reade, 1882 [A woman hater](#) Charles Reade, 1912 [Works: A woman hater. Its hallmark is a liberalism that prioritises equality and individual autonomy while offering a rigorous critique of using individuals choices as the measure of justice Liberalism without feminism prioritises individual choice a strategy that has played a crucial role in the liberal defence of freedom against authoritarianism and conformity However as feminism shows relying on individual choice is insufficient to render an outcome just because people often choose things that harm or disadvantage themselves From beauty norms to the gendered division of labour from marriage to religion women and men choose to arrange their lives in ways that perpetuate inequality Often these choices are made in response to social norms including unjust unequal or harmful norms It follows that relying on individual choice as a measure of justice actually leaves unjust social structures intact Any defender of autonomy and equality must be prepared to criticise individuals choices while prioritising individual choosers The essays in this collection cover a wide range of issues fundamental to liberalism to feminism and to their intersection They explore the foundational philosophical concepts of choice equality of opportunity ideology and the state and they engage directly with key political controversies including women s sport the state recognition of gender the regulation of cosmetic and cultural surgeries and state action to secure equality in the family Clare Chambers argues that feminist liberalism is both possible and necessary It is possible because the two doctrines of feminism and liberalism are compatible their fundamental values of freedom and equality aligned But feminism is necessary because liberalism has shown that it is simply not up to the task of securing gender equality and women s liberation alone *The Woman's Dictionary and Encyclopedia* ,1909 The Century Dictionary ,1914 ALLEN'S SYNONYMES AND ANTONYMS F.
