Vector Prime: Star Wars Legends R.A. Salvatore, 2003-06-03 An exciting new era of Star Wars history is about to begin as fantasy and science fiction's most acclaimed authors propel the legendary epic into the next millennium introducing us to a rich cast of characters that features old favorites Luke Skywalker Han Solo and Leia Organa Solo along with the next generation of Jedi and never before seen creatures droids and deadly agents of darkness In Vector Prime the launch novel for this thrilling new saga New York Times bestselling author R A Salvatore takes the Star Wars universe to previously unscaled heights of action and imagination expanding the beloved story of a galaxy far far away Twenty one years have passed since the heroes of the Rebel Alliance destroyed the Death Star breaking the power of the Emperor Since then the New Republic has valiantly struggled to maintain peace and prosperity among the peoples of the galaxy But unrest has begun to spread tensions erupt in outbreaks of rebellion that if unchecked threaten to destroy the Republic's tenuous reign Into this volatile atmosphere comes Nom Anor a charismatic firebrand who heats passions to the boiling point sowing seeds of dissent for his own dark motives In an effort to avert a catastrophic civil war Leia travels with her daughter Jaina her sister in law Mara Jade Skywalker and the loyal protocol droid C 3PO to conduct face to face diplomatic negotiations with Nom Anor But he proves resistant to Leia's entreaties and far more inexplicably within the Force where a being should be was blank space Meanwhile Luke is plagued by reports of rogue Jedi Knights who are taking the law into their own hands And so he wrestles with a dilemma Should he attempt in this climate of mistrust to reestablish the legendary Jedi Council As the Jedi and the Republic focus on internal struggles a new threat surfaces unnoticed beyond the farthest reaches of the Outer Rim An enemy appears from outside known space bearing weapons and technology unlike anything New Republic scientists have ever seen Suddenly Luke Mara Leia Han Solo and Chewbacca along with the Solo children are thrust again into battle to defend the freedom so many have fought and died for But this time all their courage sacrifice and even the power of the Force itself may not be enough Features a bonus section following the novel that includes a primer on the Star Wars expanded universe and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years
