5 REASONS WHY YOU SHOULD PLAN YOUR MEALS

- 1 Improve your nutrition. By planning in advance you can aim to have nutritionally well balanced meals throughout the week. For example you can make sure each of your dinners have the requisite veggies protein and grains. Planning your meals ultimately allows you to take control of your own personal nutrition needs. Whether you have to stick to a lower sodium diet or want only to eat whole grains and veggies you can plan for it.
- 2 Make healthier choices. If you have to come up with something to eat last minute you'll find yourself probably going out for dinner instead. As a result you are most likely to end up exceeding your daily calorie and sodium intake. Even just stopping at the grocery store to pick up a last minute dinner may lead to poor choices. When you shop hungry you are more likely to throw junk food into your cart.
- 3 Eat high quality foods. Homemade meals are almost always more nutrient dense and filled with less calories salt and fat than takeout or quick ready made options at your grocery store. Choosing your own recipes and ingredients for the week allows you to make important food choices such as buying local meats or organic produce.
- 4 Save money. Having a meal plan prevents you from throwing out ingredients you forgot you had in the fridge. You can create meal plans that specifically allow you to use up whatever you have in your cupboards. You can also start fresh by creating grocery lists based off your meal plans. This way you'll go to the grocery store with purpose rather than on the whim and you won't come out with a dozen of random unhealthy food items most of which you won't eat. In addition your meal plan will save you money by preventing you from ordering costly last minute takeouts.
- 5 Save time. Your set grocery lists will prevent you from wandering around the grocery store aimlessly and your meal plans will save you from having to think about what to eat every day. If you find yourself quite busy during the workweek take some time out of the weekend to prepare most of your meals. Oats and frozen berries with yogurt in mason jars serve as great breakfasts for on the go. Prepared quinoa or pasta salads with mixed veggies and beans can serve as a work lunch for multiple days. Cook one or two larger dinners on the weekend so you'll have something for when you arrive home exhausted and don't feel like cooking. Pre-portion and split appropriate servings for your family between the fridge and freezer for easy dinners. Soups chilli meatballs and marinated chicken breasts are all great for freezing. Re-heat while you prepare a quick salad or veggie slices and you'll have a delicious homemade meal.

Legendary Meal Planner Publishing,2020-01-15 This Meal planner journal will help you to achieve those goals 5 REASONS
WHY YOU SHOULD PLAN YOUR MEALS 1 Improve your nutrition p By planning in advance you can aim to have nutritionally

well balanced meals throughout the week For example you can make sure each of your dinners have the requisite veggies protein and grains Planning your meals ultimately allows you to take control of your own personal nutrition needs Whether you have to stick to a lower sodium diet or want only to eat whole grains and veggies you can plan for it 2 Make healthier choices If you have to come up with something to eat last minute you ll find yourself probably going out for dinner instead As a result you are most likely to end up exceeding your daily calorie and sodium intake Even just stopping at the grocery store to pick up a last minute dinner may lead to poor choices When you shop hungry you are more likely to throw junk food into your cart 3 Eat high quality foods Homemade meals are almost always more nutrient dense and filled with less calories salt and fat than takeout or quick ready made options at your grocery store Choosing your own recipes and ingredients for the week allows you to make important food choices such as buying local meats or organic produce 4 Save money Having a meal plan prevents you from throwing out ingredients you forgot you had in the fridge You can create meal plans that specifically allow you to use up whatever you have in your cupboards You can also start fresh by creating grocery lists based off your meal plans This way you ll go to the grocery store with purpose rather than on the whim and you won t come out with a dozen of random unhealthy food items most of which you won t eat In addition your meal plan will save you money by preventing you from ordering costly last minute takeouts 5 Save time Your set grocery lists will prevent you from wandering around the grocery store aimlessly and your meal plans will save you from having to think about what to eat every day If you find yourself quite busy during the workweek take some time out of the weekend to prepare most of your meals Oats and frozen berries with yogurt in mason jars serve as great breakfasts for on the go Prepared quinoa or pasta salads with mixed veggies and beans can serve as a work lunch for multiple days Cook one or two larger dinners on the weekend so you ll have something for when you arrive home exhausted and don t feel like cooking Pre portion and split appropriate servings for your family between the fridge and freezer for easy dinners Soups chilli meatballs and marinated chicken breasts are all great for freezing Re heat while you prepare a quick salad or veggie slices and you ll have a delicious homemade meal It s extremely simple to start simply write down your meal plans on this notebook If you would like to see a sample of the notebook click on the Look Inside feature Specifications Grocery List Cooking Diary Week Food Nutrition Log Meal Prep And Planning Dimensions 6 x 9 Soft matte laminated paperback cover Cover Exclusive design Pages 108 54 sheets [Meal Planner](#) Legendary Meal Planner Publishing,2020-01-15 This Meal planner journal will help you to acheive those goals 5 REASONS WHY YOU SHOULD PLAN YOUR MEALS 1 Improve your nutrition p By planning in advance you can aim to have nutritionally well balanced meals throughout the week For example you can make sure each of your dinners have the requisite veggies protein and grains Planning your meals ultimately allows you to take control of your own personal nutrition needs Whether you have to stick to a lower sodium diet or want only to eat whole grains and veggies you can plan for it 2 Make healthier choices If you have to come up with something to eat last minute you ll find yourself probably going out for dinner instead As
