Slave Trade Today:

To Plead Our Own Cause Kevin Bales, Zoe Trodd, 2013-09-30 Boys strapped to carpet looms in India women trafficked into sex slavery across Europe children born into bondage in Mauritania and migrants imprisoned at gunpoint in the United States are just a few of the many forms slavery takes in the twenty first century There are twenty seven million slaves alive today more than at any point in history and they are found on every continent in the world except Antarctica To Plead Our Own Cause contains ninety five narratives by slaves and former slaves from around the globe Told in the words of slaves themselves the narratives movingly and eloquently chronicle the horrors of contemporary slavery the process of becoming free and the challenges faced by former slaves as they build a life in freedom An editors introduction lays out the historical economic and political background to modern slavery the literary tradition of the slave narrative and a variety of ways we can all help end slavery today Halting the contemporary slave trade is one of the great human rights issues of our time But just as slavery is not over neither is the will to achieve freedom plead the cause of liberation and advocate abolition Putting the slave s voice back at the heart of the abolitionist movement To Plead Our Own Cause gives occasion for both action and hope

The Atlantic Slave Trade in World History Jeremy Black, 2015-03-12 In The Atlantic Slave Trade in World History Jeremy Black presents a compact yet comprehensive survey of slavery and its impact on the world primarily centered on the Atlantic trade Opening with a clear discussion of the problems of defining slavery the book goes on to investigate the Atlantic slave trade from its origins to abolition including comparisons to other systems of slavery outside the Atlantic region and the persistence of modern day slavery Crucially the book does not ask readers to abandon their emotional ties to the subject but puts events in context so that it becomes clear how such an institution not only arose but flourished Black shows that slavery and the slave trade were not merely add ons to the development of Western civilization but intimately linked to it In a vital and accessible narrative The Atlantic Slave Trade in World History enables students to understand this terrible element of human history and how it shaped the modern world

The Slave Next Door Kevin Bales, Ron Soodalter, 2010-08-23 In this riveting book authors and authorities on modern slavery Kevin Bales and Ron Soodalter expose the disturbing phenomenon of human trafficking and slavery that exists now in the United States In The Slave Next Door we find that these horrific human rights violations are all around us people sold into slavery are often hidden in plain sight the dishwasher in the kitchen of the neighborhood restaurant the kids on the corner selling cheap trinkets the man sweeping the floor of the local department store In these pages we also meet some unexpected modern day slave owners such as a 27 year old middle class Texas housewife who is currently serving a life sentence for offences including slavery Weaving together a wealth of voices from slaves slaveholders and traffickers as well as from experts counselors law enforcement officers rescue and support groups and community leaders this book is also a call to action telling what we as private citizens and political activists can do to raise community awareness hold politicians accountable and finally bring an end to this horrific and traumatic crime

Today's Best Military Writing Walter J. Boyne, 2007-04-01 Today's Best Military Writing is the first ever collection of the finest articles on the military published in recent years. Esteemed military historian and bestselling author Walter J. Boyne has gathered twenty-one writers, both military and civilian, and their published articles and essays on all aspects of the various branches of the armed forces and on the military history of the United States. From searching analyses of wars spanning two centuries to examinations of how our country's modern armed forces are coping with new threats that are more dangerous than any they've faced before, these articles represent the best of the best: incisive, thoughtful, and probing opinions and information, often written by the people who have lived and breathed their topics. Article subjects in this volume include: A chillingly logical hypothesis that could be the next step in terrorism: mating cruise missiles with biological warfare; A call to assign coastal U.S. defense to the branch of the armed forces that is most equipped to deal with it: the Coast Guard; The history and development of the F-15 Eagle, one of the most famous jet fighters in the world; Little-known facts about the use and deployment of artillery pieces during the Indian Wars of 1860-1890; The role of U.S. Army chaplains tending to German war criminals during the Nuremberg Trials. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

War on the White Slave Trade Ernest Albert Bell, 1909 *Legacy of the Trans-Atlantic Slave Trade* United States. Congress. House. Committee on the Judiciary. Subcommittee on the Constitution, Civil Rights, and Civil Liberties, 2008

Fighting the Slave Trade Sylviane A. Diouf, 2003-10-24 While most studies of the slave trade focus on the volume of captives and on their ethnic origins, the question of how the Africans organized their familial and communal lives to resist and assail it has not received adequate attention. But our picture of the slave trade is incomplete without an examination of the ways in which men and women responded to the threat and reality of enslavement and deportation. *Fighting the Slave Trade* is the first book to explore in a systematic manner the strategies Africans used to protect and defend themselves and their communities from the onslaught of the Atlantic slave trade and how they assaulted it. It challenges widely held myths of African passivity and general complicity in the trade and shows that resistance to enslavement and to involvement in the slave trade was much more pervasive than has been acknowledged by the orthodox interpretation of historical literature. Focused on West Africa, the essays collected here examine in detail the defensive, protective, and offensive strategies of individuals, families, communities, and states. In chapters discussing the manipulation of the environment, resettlement, the redemption of captives, the transformation of social relations, political centralization, marronage, violent assaults on ships, and entrepôts, shipboard revolts, and controlled participation in the slave trade as a way to procure the means to attack it, *Fighting the Slave Trade* presents a much more complete picture of the West African slave trade than has previously been available.

The Moslem World, 1922 **The Slave Trade in Loango Coast for The Colony of Surinam** Arsène Francoeur Nganga, 2026-02-07 A groundbreaking historical investigation into one of the most significant yet overlooked chapters of the transatlantic slave trade: The Slave Trade in Loango Coast for the Colony of

Surinam reveals how the Loango Coast stretching from Cape Lopez to the mouth of the Congo River became the largest embarkation site for enslaved Africans destined for Dutch colonies in the Americas Drawing on extensive archival research and field investigations historian Ars ne Francoeur Nganga traces the vast caravan routes that brought captives from across Central Africa to the Atlantic coast where Dutch merchants of the West India Company transported them to Suriname the most prosperous plantation colony in 18th century South America The book examines the Kingdom of Loango s complex trading networks the role of Dutch merchants from the 1630s onward and the cultural and linguistic survival of Bantu peoples in Suriname and French Guiana This second edition includes expanded bibliography new insights from the author s work as Memory Tourism Consultant for the Republic of Congo and contributions from leading scholars including Professor Emeritus Willem Frijhoff and Professor Fran ois Lumwamu Essential reading for understanding Central African diaspora history colonial economics and the enduring legacy of the slave trade

Ending Slavery Kevin Bales,2007-09-28 In his 1999 book *Disposable People* Kevin Bales brought to light the shocking fact of modern slavery and described how nearly two hundred years after the slave trade was abolished legal slavery would have to wait another fifty years global slavery stubbornly persists In *Ending Slavery* Bales again grapples with the struggle to end this ancient evil and presents the ideas and insights that can finally lead to slavery s extinction Recalling his own involvement in the antislavery movement he recounts a personal journey in search of the solution and explains how governments and citizens can build a world without slavery
