Sleepwalking Through History:

Sleepwalking Through History Haynes Johnson, 2003 National bestseller In this brilliantly readable book a Pulitzer Prize winning journalist chronicles the Reagan decade when America fell from dominant world power to struggling debtor nation and when optimism turned to foreboding In human terms and living case histories Haynes Johnson captures the drama and tragedy of an era nurtured by greed and a morality that found virtue in not getting caught It is morning again in America Reagan s campaign commercials told us and for too long we embraced that convenient lie Indeed the problems that came to plague us in that decade are with us even more today as Johnson memorably demonstrates in his afterword Notes on an Era written especially for this new paperback reissue This book will remain a signature work of political analysis for years to come

Bulletin of the Atomic Scientists ,1991-09 **Deconstructing Reagan** Kyle Longley,Jeremy Mayer,Michael Schaller,John W. Sloan,2015-01-28 Although he left office nearly 20 years ago Ronald Reagan remains a potent symbol for the conservative movement The Bush administration frequently invokes his legacy as it formulates and promotes its fiscal domestic and foreign policies His name is watchword for campus conservatives who regard him in a way that borders on hero worship Conservative media pundits often equate the term Reagan esque with personal honor fiscal rectitude and unqualified success in dealing with foreign threats But how much of the Reagan legacy is based on fact how much on idealized myth And what are the reasons political and otherwise behind the mythmaking **Deconstructing Reagan** is a fascinating study of the interplay of politics and memory concerning our fortieth president While giving credit where credit is due the authors scrutinize key aspects of the Reagan legacy and the conservative mythology that surrounds it

Between Promise and Policy John Karaagac,2002-01-01 **Between Promise and Policy** is a thoughtful and intriguing study that compares the professed ideals and actual realities of conservative reformism leading up to and during the Reagan presidency The author examines Ronald Reagan s defense program his policies to reduce the size of the federal government regulatory reform and the reprioritizing of government expenditures Karaagac concludes that the Regan administration effectively employed ideology as a political tool President Reagan could alternate between being pragmatic and flexible in order to score political victories while making a stand as a staunch defender of conservative principles in order to rally his supporters **Farewell to Prosperity** Lisle A. Rose,2014-07-30 **Farewell to Prosperity** is a provocative in depth study of the Liberal and Conservative forces that fought each other to shape American political culture and character during the nation s most prosperous years The tome s central theme is the bitter struggle to fashion post World War II society between a historic Protestant Ethic that equated free market economics and money making with Godliness and a new secular Liberal temperament that emerged from the twin ordeals of depression and world war to stress social justice and security Liberal policies and programs after 1945 proved key to the creation of mass affluence while encouraging disadvantaged racial ethnic and social groups to seek equal access to power But liberalism proved a zero sum game to millions of others who felt their sense of place and self

progressively unhinged Where it did not overturn traditional social relationships and assumptions liberalism threatened and in the late sixties and early seventies fostered new forces of expression at radical odds with the mindset and customs that had previously defined the nation without much question When the forces of liberalism overreached the Protestant Ethic and its millions of estranged religious and economic proponents staged a massive comeback under the aegis of Ronald Reagan and a revived Republican Party The financial hubris miscalculations and follies that followed ultimately created a conservative overreach from which the nation is still recovering Post World War II America was thus marked by what writer Salman Rushdie labeled in another context thin skinned years of rage defined identity politics This politics and its meaning form the core of the narrative Farewell to Prosperity is no partisan screed enlisting recent history to support one side or another Although absurdity abounds it knows no home affecting Conservative and Liberal actors and thinkers alike

Sleepwalking through history, 1992 Congressional Record United States. Congress, 2012 The President as Leader Erwin C. Hargrove, 1998 Hargrove argues that political leadership must contain a moral element if it is to be fully effective He suggests a model with which to analyze compare and evaluate political leaders and then assesses the presidencies of Franklin Roosevelt Lyndon Johnson and Ronald Reagan according to the model's normative implications Jacket The Age of Impeachment David E. Kyvig, 2008 A Bancroft Prize winning historian chronicles the modern history of impeachment and the shift in American politics and constitutional culture revealed by its evolving interpretation and use **U.S. Presidents and Latin American Interventions** Michael Grow, 2008 Reveals how Cold War U S presidents intervened in Latin America not as the official argument stated to protect economic interests or ward off perceived national security threats but rather as a way of responding to questions about strength and credibility both globally and at home Thinking Through the Past: Since 1865 John Hollitz, 1997 The Reagan Presidency W. Elliot Brownlee, Hugh Davis Graham, 2003 Table of contents

Chronic Politics Philip J. Funigiello, 2005 Funigiello unlocks the puzzle of why the United States has never guaranteed its citizens health security comparable to that enjoyed by people of other first world nations and he tells what needs to happen for policy reform to take place Examining specific episodes in the history of health care financing he highlights the importance of key individuals in the legislative process the political haggling involved in shaping a bill the clash of personalities and agendas that determines its fate and the extent to which American ideas about fairness are reflected in the result BOOK JACKET **Reinventing Richard Nixon** Daniel E. Frick, 2008 Examining Nixon's autobiographies and political memorabilia Frick offers far reaching perceptions not only of the man but of Nixon's version of himself contrasted with those who would interpret him differently He cites reinventions of Nixon from the late 1980s particularly the museum at the Richard Nixon Library and Birthplace to demonstrate the resilience of certain national mythic narratives in the face of liberal critiques And he recounts how celebrants at Nixon's state funeral at which Bob Dole's eulogy depicted a God fearing American hero attempted to bury the sources of our divisions over him rendering in some minds the judgment of redeemed

statesman to erase his status as disgraced president With dozens of illustrations Nixon posing with Elvis the National Archives most requested photo Nixonian cultural artifacts classic editorial cartoons no other book collects in one place such varied images of Nixon from so many diverse media These reinforce Frick s probing analysis to help us understand why we disagree about Nixon and why it matters how we resolve our disagreements BOOK JACKET *Liberal Economics and Democracy* Conrad Waligorski,1997 Waligorski shows why there is such resilience and viability to this brand of liberalism The chapter on Keynes is as good a short piece on the economist as can be found anywhere Kenneth M Dolbeare author of *American Political Thought* A coherent and insightful book by a sagacious thinker Charles E Lindblom author of *Politics and Markets* Medical Journal and Record ,1925 The publishers weekly ,1991 **Marching Home** Kevin Coyne,2004 A compelling story of World War II and how it shaped the lives of six men one town and all of America Award winning author Coyne s chronicle follows six young men from Freehold New Jersey through the war and back home again to a town and a nation on the brink of changes larger than any of them could have imagined The American Spectator ,2003 **Bancroftiana** ,1992
