A close-up photograph of a hand holding a flaming torch. The hand is positioned in the upper right, with the fingers wrapped around the handle. Bright orange and yellow flames erupt from the tip of the torch, extending downwards and outwards. The background is dark and filled with falling sparks or embers, creating a dramatic, high-contrast scene.

Snatched from the Fire Zechariah 3:2 Bernice Malinowski, 2013-03-22 Tuesday December 4 2012 This morning during my devotions as always I declared Zechariah 3:2 while praying In doing so I felt led to change the title of this book from GOD YOU are Sooooo Good I Just Can t Stand It to Snatched From the Fire I ve heard it said that lightning doesn t strike twice in the same place Well who wooda thunk someone could be snatched from a fire twice During this particular prayer time I was reminded that in addition to being pulled from a truck fire that Labor Day week end in 1966 I made JESUS the LORD of my life in 1985 there by having both my spirit and physical body snatched from the fire Thank YOU JESUS I once heard a pastor touch on the subject that you can argue with a person all you want about doctrine There are so many doctrines about the Bible doctrines about what happened how it happened and where or when something happened However when it comes to something that has happened to me no one can dispute or tell me of what I know I have experienced the impact it had on me or how it made me feel No one can dispute what I know JESUS has done for me Thank you for that teaching Apostle Robert King of Harvest Christian Church Detroit I have been wanting to write a book for several years now Maybe a prayer book a book on relationships naaaw I tried writing those kinds of books but I never seemed to get enough material or inspiration to actually finish the book Being thankful how do you thank GOD enough You can t I can never thank GOD enough for all that HE does for me If I look at the miracles that HE does for me on a daily basis I just gotta stay in continual thanks Also life experiences how does one exhaust the lessons we have learned in our lives the lessons that have helped me to know the LORD more intimately And memories the good the bad the seasons the holidays the events that bookmark our lives and the rites of passage that pebble our milestones That s what I want to communicate In watching the television program American Idol the judges always tell the contestants to make the song their own and don t try to be like anyone else That is what I am trying to achieve in this book I never wrote a book before I don t know of any rules or regulations that say a book has to be written in a particular way So I m just gonna write as thoughts come to me not in any

national security and how human systems could be governed in an ever turbulent and dynamic world It takes a revised look at the concept of national security previously researched and identified by the author based on the present context but with a futuristic appreciation of governance primarily national but extended to global perspectives in the modern and dynamically shifting world The book emphasises the need for governments to maximise national security for the well being of their people The concept of national security is taken as the key subject of national governance which is extendable to global governance wherein national security is not only the physical or military security alone but also the overall well being of the people of a nation This book explores how national security can be achieved by balancing its various elements in different terrains where the game of governance is played in national as well as global perspective It also presents additional findings and observations to show that the approach is transformative redefining the key knowledge paradigms This book is relevant for policy makers students researchers and academics who wish to explore and rethink their approach towards governing the human systems whose well being is the responsibility of governments

The Living Age ,1847 Myths of the Modocs

Jeremiah Curtin, The majority of Americans know who the Modocs are and where they live for on a time their bravery and so called treachery gave them widespread notoriety but for those who do not know the following sketch may be helpful The Old Modoc Country was the valley of Lost River in Oregon and the country adjacent to the shores of Little Klamath Lake and Tula Lake which in main lies within the boundary of California The country around Tula Lake is of volcanic formation and at the southern end of the lake are the lava beds about which so much was written during the Modoc War of 1872 1873 Along the rivers and lakes the scenery is pleasing and in places grand Lake Klamath nearly surrounded by mountains is as beautiful as are the famed lakes of Italy and Switzerland Mount Pitt which from a distance seems to rise from the very shore of the lake is snow crowned except for a few weeks in midsummer Mount Shasta is seen from its summit to the snow line The Modoc people believe that Kumush created the world the world in Modoc myth means the country inhabited by the Modocs and the tribes they come in contact with He made the mountains lakes and rivers and gave them names We are not told about the creation of the first people those wonderful beings who inhabited the world before man was created and were so numerous that if a count could be made of all the stars in the sky all the feathers on birds all the hairs and fur on animals and all the hairs on our heads they would not be as numerous No man knows how long those first people lived but after countless ages a time came when they were transformed into beasts reptiles birds fishes insects plants stones snow earthquake sun moon and stars in fact into every living thing object phenomenon and power outside of man This transformation took place about the time that Kumush created the Modoc and other Indian tribes and gave them names told them where their homes would be designated the Klamath country for the Modocs and established the present order of things For the Modocs the valley of Lost River and the lands around Klamath and Tula Lake are sacred We who endeavor to trace our origin back to a monkey or still farther to a bit of protoplasm or who believe in and search far and wide for the Garden of Eden cannot revere a country
