Osatinski, 2023-08-03 20 Seasons Broadway Musicals of the 21st Century catalogues categorizes and analyzes the 269 musicals that opened on Broadway from the 2000 2001 season through the 2019 2020 season This book is the first to comprehensively examine the musicals that premiered on Broadway during this important historical period which was bookended by the 9 11 terrorist attacks on one end and the Coronavirus pandemic on the other It begins by exploring the historical context for the first 20 years of the 21st century and how this impacted American culture and theatre Rather than chronologically the musicals are then organized into categories based on their source material and whether they were original musicals or revivals painting a detailed picture of the Broadway musical in first 20 years of the 21st century Jukebox musicals screen to stage musicals revivals and other original musicals are all covered and each chapter ends with reading guides and discussion prompts The book not only discusses what was produced but by whom uncovering the stark lack of representation for women and artists of color on Broadway musical creative and design teams Additionally the last chapter discusses the COVID 19 pandemic the Broadway shutdown and what happened to the Broadway musical during the shutdown including the response to the Black Lives Matter movement in the summer of 2020 20 Seasons Broadway Musicals of the 21st Century will appeal to fans and scholars of musical theatre as well as students of Musical Theatre Musical Theatre History American Studies and Pop Culture Studies [The Routledge Companion to the Contemporary Musical](#) Jessica Sternfeld, Elizabeth L. Wollman, 2019-08-16 *The Routledge Companion to the Contemporary Musical* is dedicated to the musical s evolving relationship to American culture in the late twentieth and early twenty first centuries In the past decade and a half international scholars from an ever widening number of disciplines and specializations have been actively contributing to the interdisciplinary field of musical theater studies Musical have served not only to mirror the sociopolitical economic and cultural tenor of the times but have helped shape and influence it in America and across the globe a genre that may seem at first glance light hearted and escapist serves also as a bold commentary on society Forty four essays examine the contemporary musical as an ever shifting product of an ever changing culture This volume sheds new light on the American musical as a thriving contemporary performing arts genre one that could have died out in the post Tin Pan Alley era but instead has managed to remain culturally viable and influential in part by newly embracing a series of complex

contradictions At present the American musical is a live localized old fashioned genre that has simultaneously developed into an increasingly globalized tech savvy intensely mediated mass entertainment form Similarly as it has become increasingly international in its scope and appeal the stage musical has also become more firmly rooted to Broadway the idea if not the place and thus branded as a quintessentially American entertainment [Theatre Magazine](#) W.
