## **Stand Up For America:**

**Stand Up America** Harold B. Hubbard, 2010-09 It is amazing how the Patriots of the American Revolution sacrificed their lives how they fought and died to remove the yoke of King George's tyranny from their society and yet today we Americans accept a similar tyranny wielded by the professional politicians of the Federal Government without as much as a feather of protest to lift it This book offers the reader and all Americans a description of the principles and an elaboration of the practices needed to reform the Federal Government so that we can regain control of our lives The purpose in publishing these pages is to motivate collective thinking to be followed by concerted actions that will reverse the trend of government's ever greater intrusion into individuals lives and its curtailment of their freedoms Among other recommendations it encourages the American people to create once again a representative U S Congress by electing to the House of Representatives and the Senate those who will be responsive to the people's needs and their wishes The book aims to awaken readers to the growing control the Federal Government has over their very existence and most especially their hard earned income with increased spending on programs that for the most part offer no benefit to the average American family resulting in ballooning deficits inevitably to be accompanied with every budget cycle by higher taxes *Stand Up for*

*Redeeming America* Michael Lienesch, 2014-04-15 This balanced and comprehensive study of Christian conservative thinking focuses on the 1980s when the New Christian Right appeared suddenly as an influential force on the American political scene only to fade from the spotlight toward the end of the decade In *Redeeming America* Michael Lienesch identifies a cyclical redemptive pattern in the New Christian Right's approach to politics and he argues that the movement is certain to emerge again Lienesch explores in detail the writings of a wide range of Christian conservatives including Jerry Falwell Pat Robertson Phyllis Schlafly and Tim and Beverly LaHaye in order to illuminate the beliefs and ideas on which the movement is based Depicting the thinking of these writers as a set of concentric circles beginning with the self and moving

outward to include the family the economy the polity and the world Lienesch finds shared themes as well as contradictions and tensions He also uncovers a complex but persistent pattern of thought that inspires periodic attempts to redeem America alternating with more inward looking intervals of personal piety
