Back cover *Steven Holl* Jordi Safont-Tria, Sanford Kwinter, Steven Holl, 2012 Following *Written in Water* 2002 this is the second publication devoted to Steven Holl's legendary watercolors. Four hundred watercolors represent the creative process of this renowned and influential American architect and reveal his highly personal method developed over many years containing preliminary ideas and sketches of all major projects. Holl is known for his sculptural architecture and his virtuosic use of light and watercolors are the ideal means to visualize these characteristic aspects of his work. At a time of rapidly changing technology in the service of architectural design these watercolors become spectacular examples of a low tech method. The results are invariably original works of art. The water colors are juxtaposed with photographs of the built architecture and emphasize the crucial aspect of scale. OCLC **Steven Holl: Seven Houses** Steven Holl, 2018-11-06 This book takes a close look at seven houses designed by Steven Holl considered one of America's most influential architects. It offers the reader unprecedented access to the thought processes and work of this groundbreaking cutting edge architect through his own words and watercolors and more than 100 photographs. This volume features seven of his residential houses and looks at his approach to modernist suburban residences including two new homes finished in 2017. Viewed as a collection these houses serve to demonstrate the wide range of Holl's prodigious genius through lavish and striking photographs as well as Holl's own descriptions. Considered one of America's most important architects, Holl is recognized for his ability to blend space and light with great contextual sensitivity and to utilize the unique qualities of each project to create a concept driven design. Time magazine declared Holl America's Best Architect for his buildings that satisfy the spirit as well as the eye.

**House: Black Swan Theory** Steven Holl, 2007-03-29 Using site as a starting point readers can follow Holl's entire creative process. The text contains watercolours, photographs, renderings, plans and sketches for houses in New York, Arizona, Texas, Washington D.C. and Martha's Vineyard. Steven Holl, 1986-1996 Steven Holl, 1996 **Steven Holl** Steven Holl, 1994 **Stone & Feather** Jeffrey Kipnis, Steven Holl, 2007 A critical assessment by architectural historian Jeffrey Kipnis, a generous selection of the architect's preliminary watercolour studies and breathtaking photography make this volume an essential reference. Stretto House Steven Holl Architects, 1996 The Stretto House built near Dallas, Texas in 1992 exemplifies the poetic nature of his architecture as well as his method of following an initial concept to its fullest realization. The need for protection from the scorching Texas sun led the architect to explore the ideas of shadow and overlap. The bold overlapping stretto between heavy percussion and light strings in Bela Bartok's *Music for Strings, Percussion and Celeste* proved fertile for the form and construction of the residence. Like Bartok's score the house has four sections each consisting of heavy concrete block spatial dams with light metal roofed aqueous space flowing between. Orthogonal floors pull one space through to the next while curvilinear roofs stretch space over the walls. Essential to the sequential balance are rich details and carefully selected materials including glass slumped or cast in fluid shapes and liquid terrazzo. *Steven Holl* Steven Holl, 2022 **Steven Holl, 1986-1996** Steven Holl, 1996 **The Architecture of Full-Scale Mock-Ups** Nick
