Colorado governor in 2010 which he also won then won again He has tackled a host of pressing and volatile issues in a true battleground state immigration fracking capital punishment guns the Affordable Care Act same sex marriage legalized marijuana Time and again his administration has persuaded ideologically opposed constituencies to agree on a middle path and move forward all while dealing with a tragic series of wildfires biblical floods shootings and the assassination of a cabinet member On display throughout is the rare candidness that has made him not only wildly popular at every step of the way but also remarkably successful at getting things done Co written with journalist and former cabinet member Maximillian Potter
