**More Sticky Blood** Kay Thackray, 2005-10 Antiphospholipid Syndrome or Hughes Syndrome as it is also known is an illness that it is not well understood by doctors let alone patients as yet Kay Thackray's first book *Sticky Blood Explained* attempted to demystify the illness as few existing books were aimed at the ordinary person with antiphospholipid syndrome. Many common symptoms were not discussed in print elsewhere and many people bought extra copies of the book for their doctor or family to increase their understanding. In this second book the author has tried to continue to explain all that she knows and understands about this disorder in a friendly and accessible way. So much changes so quickly with an illness that is only 20 years old and new discoveries are made and need to be passed on to those who live with Hughes Syndrome. It is a continual process learning about this illness and Kay speaks to many people including Dr Graham Hughes the man who Hughes Syndrome is named after and fellow patients. It is all too easy to use technical terms and sound super intelligent the problem is that only a select few will understand. The author has found that writing in the same way that she talks to people gets the message across and simplifying facts that are hidden in complicated medical reports is appreciated by many. The book also covers the author's own life and challenges which allow her to understand and empathise with the reader because she has been there. I know my writing helps many to cope with this terrible illness because they tell me so and that gives me more pleasure than I can tell. Kay Thackray *Circle of Blood Book One: Lover's Rebirth* R. A. Woolf, 2017-11-30 New Orleans is a hot mess. Ancient feuds. Demonic forces bent on destruction. Oh, and apparently vampires are real. Della didn't sign up for any of this. She didn't sign up for violence and mayhem in the streets of the Big Easy. She didn't sign up to be a magnet for an evil force intent on hunting down the reincarnated souls of its enemies. She sure as hell didn't sign up for rescue by a sinfully tempting vampire lord and his fashion model gorgeous friends. Especially since he seems convinced that she's the living embodiment of his long lost human mate. Seriously, this kind of stuff isn't supposed to happen to insurance company receptionists from New Jersey. The world is descending into chaos. Now a coven of hypnotically alluring bloodsuckers is trying to convince her they're the good guys. And the truly scary part is she's starting to believe them. The Circle of Blood Series. In another lifetime six vampires lost their mates and their mortality to an unimaginable evil power. Now if they can't reunite with the reincarnated souls of their lost loves soon it may just mean the end of the world. From USA Today bestselling author R. A. Steffan and fresh new voice Jaelynn Woolf comes a steamy paranormal romance series perfect for adult fans of vampire fiction.
