Study Of Folklore

Alan Dundes

Study Of Folklore:

The Study of Folklore Alan Dundes, 1965 Anthology of essays by scholars from many fields of knowledge showing the evolution of folklore as a discipline and its role in many aspects of daily living Folkloristics Robert A. Georges, Michael Owen Jones, 1995 Excellent The Reader's Review Anybody contemplating the study and pursuit of folklore will benefit from reading this presentation thoroughly to determine your place in this most exciting scholastic world Come All Ye This is the most complete and up to date study of folklore and folklore methodologies available The authors describe the pervasiveness of folklore including its uses in literature films television cartoons comic strips advertising and other media in a variety of cultures

The Study of American Folklore Jan Harold Brunvand, 1968 **What Folklorists Do** Timothy Lloyd, 2021-10-05 What can you do with a folklore degree Over six dozen folklorists writing from their own experiences show us What Folklorists Do examines a wide range of professionals both within and outside the academy at the beginning of their careers or holding senior management positions to demonstrate the many ways that folklore studies can shape and support the activities of those trained in it As one of the oldest academic professions in the United States and grounded in ethnographic fieldwork folklore has always been concerned with public service and engagement beyond the academy Consequently as this book demonstrates the career applications of a training in folklore are many advocating for local and national causes shaping public policy directing and serving in museums working as journalists publishers textbook writers or journal editors directing national government programs or being involved in historic preservation teaching undergraduate and graduate students producing music festivals pursuing a career in politics or even becoming a stand up comedian A comprehensive guide to the range of good work carried out by today's folklorists What Folklorists Do is essential reading for folklore students and professionals and those in positions to hire them Audio book narrated by Walter Brown Produced by Speechki in 2021

American Folklore Studies Simon J. Bronner, 1986 Folklore Studies in India: Critical Regional Responses Sahdev Luhar, 2023-02-25 Folklore Studies in India Critical Regional Responses is an interesting compilation of twenty eight critical articles on the beginning of folklore studies in the different parts of India In the absence of a book that could map the history of Indian folklore studies single handedly this book can be deemed as the first of its kind to feature the historical development of folklore studies in the different states of India This book succinctly introduces the readers to the folk culture folk arts and folk genres of a particular region and to the different aspects of folkloristic researches carried out in that region

The Oxford Handbook of American Folklore and Folklife Studies Simon J. Bronner, 2019-08-06 The Oxford Handbook of American Folklore and Folklife Studies surveys the materials approaches concepts and applications of the field to provide a sweeping guide to American folklore and folklife culture history and society Forty three comprehensive and diverse chapters delve into significant themes and methods of folklore and folklife study established expressions and activities spheres and locations of folkloric action and shared cultures and common identities Beyond the longstanding

arenas of academic focus developed throughout the 350 year legacy of folklore and folklife study contributors at the forefront of the field also explore exciting new areas of attention that have emerged in the twenty first century such as the Internet bodylore folklore of organizations and networks sexual orientation neurodiverse identities and disability groups Encompassing a wide range of cultural traditions in the United States from bits of slang in private conversations to massive public demonstrations ancient beliefs to contemporary viral memes and a simple handshake greeting to group festivals these chapters consider the meanings in oral social and material genres of dance ritual drama play speech song and story while drawing attention to tradition centered communities such as the Amish and Hasidim occupational groups and their workaday worlds and children and other age groups Weaving together such varied and manifest traditions this handbook pays significant attention to the cultural diversity and changing national boundaries that have always been distinctive in the American experience reflecting on the relative youth of the nation global connections of customs brought by immigrants mobility of residents and their relation to an indigenous urbanized and racialized population and a varied landscape and settlement pattern Edited by leading folklore scholar Simon J Bronner this handbook celebrates the extraordinary richness of the American social and cultural fabric offering a valuable resource not only for scholars and students of American studies but also for the global study of tradition folk arts and cultural practice

Folklore and Fakelore Richard Mercer Dorson,1976

Folklore Recycled Frank de Caro,2013-05-30 Folklore Recycled Old Traditions in New Contexts starts from the proposition that folklore usually thought of in its historical social context as oral tradition is easily appropriated and recycled into other contexts That is writers may use folklore in their fiction or poetry taking plots as an example from a folktale Visual artists may concentrate on depicting folk figures or events like a ritual or a ceremony Tourism officials may promote a place through advertising its traditional ways Folklore may play a role in intellectual conceptualizations as when nationalists use folklore to promote symbolic unity Folklore Recycled discusses the larger issue of folklore being recycled into nonfolk contexts and proceeds to look at a number of instances of repurposing Colson Whitehead s novel John Henry Days is a literary text that recycles folklore but does so in a manner that examines a number of other uses of the American folk figure John Henry The nineteenth century members of the Louisiana branch of the American Folklore Society and the author Lyle Saxon in the twentieth century used African American folklore to establish personal connections to the world of the southern plantation and buttress their own social status The writer Lafcadio Hearn wrote about folklore to strengthen his insider credentials wherever he lived Photographers in Louisiana leaned on folklife to solidify local identity and to promote government programs and industry Promoters of unorthodox theories about history have used folklore as historical document Americans in Mexico took an interest in folklore for acculturation for tourism promotion for interior decoration and for political ends All of the examples throughout the book demonstrate the durability and continued relevance of folklore in every context it appears

In Search of Authenticity Regina Bendix,2009-07-30 Authenticity is a notion much debated

among discussants as diverse as cultural theorists and art dealers music critics and tour operators The desire to find and somehow capture or protect the authentic narrative art object or ceremonial dance is hardly new In this masterful examination of German and American folklore studies from the eighteenth century to the present Regina Bendix demonstrates that the longing for authenticity remains deeply implicated in scholarly approaches to cultural analysis Searches for authenticity Bendix contends have been a constant companion to the feelings of loss inherent in modernization forever upholding a belief in a pristine yet endangered cultural essence and fueling cultural nationalism worldwide Beginning with precursors of Herder and Emerson and the discovery of the authentic in expressive culture and literature she traces the different albeit intertwined histories of German Volkskunde and American folklore studies A Swiss native educated in American folklore programs Bendix moves effortlessly between the two traditions demonstrating how the notion of authenticity was used not only to foster national causes but also to lay the foundations for categories of documentation and analysis within the nascent field of folklore studies Bendix shows that in an increasingly transcultural world where Zulu singers back up Paul Simon and where indigenous artists seek copyright for their traditional crafts the politics of authenticity mingles with the forces of the market Arguing against the dichotomies implied in the very idea of authenticity she underscores the emptiness of efforts to distinguish between folklore and fakelore between echt and ersatz

Asian Folklore Studies, 1963 *Africanisms in American Culture, Second Edition* Joseph E. Holloway, 2005-08-03 A revised and expanded edition of a groundbreaking text

Encyclopedia of American Folklife Simon J Bronner, 2015-03-04 American folklife is steeped in world cultures or invented as new culture always evolving yet often practiced as it was created many years or even centuries ago This fascinating encyclopedia explores the rich and varied cultural traditions of folklife in America from barn raisings to the Internet tattoos and Zydeco through expressions that include ritual custom crafts architecture food clothing and art Featuring more than 350 A Z entries Encyclopedia of American Folklife is wide ranging and inclusive Entries cover major cities and urban centers new and established immigrant groups as well as native Americans American territories such as Guam and Samoa major issues such as education and intellectual property and expressions of material culture such as homes dress food and crafts This encyclopedia covers notable folklife areas as well as general regional categories It addresses religious groups reflecting diversity within groups such as the Amish and the Jews age groups both old age and youth gangs and contemporary folk groups skateboarders and psychobillies placing all of them in the vivid tapestry of folklife in America In addition this resource offers useful insights on folklife concepts through entries such as community and group and tradition and culture The set also features complete indexes in each volume as well as a bibliography for further research

Tradition Through Modernity Pertti J. Anttonen, 2005 When studying social practices that are regarded as traditional tradition is usually seen as an element of meaning Whose meaning is it Is it a meaning generated by those who study tradition or those who are being studied In both cases particular criteria for traditionality are

employed whether these are explicated or not The individuals groups of people and institutions that are studied may continue to uphold their traditions or name their practices traditions without having to state in analytical terms their criteria for traditionality This cannot however apply to people who make the study of traditions their profession especially those engaged in the academic field of the science of tradition a paraphrase given to folklore studies Traditions call for explanation instead of being merely described or used as explanations for apparent repetitions reiterations replications continuations or symbolic linking in social practice values meaning culture and history In order to explain the concept of tradition and the category of the traditional scholars must situate its use in particular historically specific discourses ways of knowing speaking conceptualisation and representation in which social acts receive their meanings as traditional This book argues that since the concepts of tradition and modern are fundamentally modern what they aim to and are able to describe report and denote is epistemologically modern as that which is regarded as non modern and traditional is appropriated into modern social knowledge through modern concepts and discursive means Modernity cannot represent non modernity without modern mediation which therefore makes the representations of non modernity also modern Accordingly the book deals with the modernness of objectifying representing and studying folklore and oral traditions The first section focuses on modern and tradition as modern concepts and the conception of folklore and its study as a modern trajectory The second section discusses the politics of folklore with regard to nationalism and the role of folk tradition in the production of nation state identity in Finland

Following Tradition Simon Bronner, 1998-04 *Following Tradition* is an expansive examination of the history of tradition one of the most common as well as most contested terms in English language usage in Americans thinking and discourse about culture Tradition in use becomes problematic because of its multiple meanings and its conceptual softness As a term and a concept it has been important in the development of all scholarly fields that study American culture Folklore history American studies anthropology cultural studies and others assign different value and meaning to tradition It is a frequent point of reference in popular discourse concerning everything from politics to lifestyles to sports and entertainment Politicians and social advocates appeal to it as prima facie evidence of the worth of their causes Entertainment and other media mass produce it or at least a facsimile of it In a society that frequently seeks to reinvent itself tradition as a cultural anchor to be revered or rejected is an essential if elusive concept Simon Bronner s wide net captures the historical rhetorical philosophical and psychological dimensions of tradition As he notes he has written a book about an American tradition arguing about it His elucidation of those arguments makes fascinating and thoughtful reading An essential text for folklorists *Following Tradition* will be a valuable reference as well for historians and anthropologists students of American studies popular culture and cultural studies and anyone interested in the continuing place of tradition in American culture
