A Study of Prose Fiction (Classic Reprint) Bliss Perry, 2017-12-12 Excerpt from A Study of Prose Fiction The aim of this little book is to discuss the outlines of the art of fiction In writing it I have followed more or less closely the notes prepared a few years ago for a course of lectures on Prose Fiction at Princeton University These lectures were repeated with several classes and many teachers who have had occasion to examine the syllabus of the lectures and the topical work as signed in connection with them have asked me to print a hook that would be adapted to effective use in the classroom I have confidence in the general method of fiction study which is here outlined although the kindly co operation of my former pupils may have then given the study a certain ardor which the book will fail to impart About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
