Systemantics ,1979 **Building the Agile Business through Digital Transformation** Neil Perkin,Peter Abraham,2017-04-03 Building the Agile Business through Digital Transformation is an in depth look at transforming businesses so they are fit for purpose in a digitally enabled world It is a guide for all those needing to better understand implement and lead digital transformation in the workplace It sets aside traditional thinking and outdated strategies to explain what steps need to be taken for an organization to become truly agile It addresses how to build organizational velocity and establish iterative working remove unnecessary process embed innovation map strategy to motivation and develop talent to succeed Building the Agile Business through Digital Transformation provides guidance on how to set the pace and frequency for change and shows how to break old habits and reform the behaviours of a workforce to embed digital transformation achieve organizational agility and ensure high performance Full of practical advice examples and real life insights from organizational development professionals at the leading edge of digital transformation this book is an essential guide to building an agile business **Wreckonomics** Ruben Andersson,David Keen,2023-05-25 A powerful expos of the war framework that governments around the world have adopted to tackle difficult problems yet which locks them into failed and cruel policies that never seem to end The United States recently exited a two decade long war in Afghanistan part of its global war on terror in ignominy with the Taliban taking Kabul The US and European countries also continually increase funding for their own border security leading to more chaos and shifting the problem around And America s war on drugs has failed to dampen narcotics demand while fueling atrocities and profiteering from Mexico to the Philippines Why do politicians

keep feeding the very crises they say they are combating In Wreckonomics Ruben Andersson and David Keen analyze why disastrous policies continue to live on when it has become apparent that they do not work The authors show how the perverse outcomes we see in the fight against terror migration and drugs are more than a blip or an anomaly Rather the proliferation of pseudo wars has become a dangerous political habit and an endless source of political advantage and profit From combating crime to the war on drugs from civil wars to global wars and even culture wars chronic failure has been harnessed to the appearance of success A wide variety of problems have persisted or even worsened not so much despite the wars and pseudo wars that are waged against them as because of them Covering a range of cases around the world Wreckonomics exposes and interrogates the incentive systems that allow destructive policies to remain in effect even in the face of systemic failure It also develops strategies to collectively dismantle the addiction to waging war on everything

Luigi John H. Richardson,2025-11-04 The first book to explain why the world was primed for the Luigi Mangione moment showing the history that led him to be embraced as an avenger with an affection not seen since Jesse James or Robin Hood The explosion of glee and sympathy for Luigi surprised everyone but it was everywhere Hours after the shooting of the United Healthcare executive his company put out a message out on Facebook saying their hearts go out to Brian s family and all who were close to him People replied with laughing emojis and comments like this one No one here is the judge of who deserves to live or die That s the job of the AI algorithm the insurance company designed to maximize profits on your health On TikTok another commentator said Oh my god y all really raised the school shooter generation and now you re asking us for sympathy she asks Welcome to a regular Tuesday at school in America When he was arrested TikTok exploded with more love for Luigi They could ve been more gentle with him he has back problems said one commentator Others attempted to come to his rescue He is innocent he was with me the whole time eBay said that while it had a policy prohibiting items that glorify violence they were allowing the sale of items with the words deny defend depose In Seattle someone reprogrammed a couple of electric highway signs so they flashed One CEO down many more to go So where is all this coming from Richardson has tracked the building blocks of this widespread alienation for three decades finding it across not only the environmental movement but among those who reject capitalism itself including the rules that govern everything from insurance to healthcare He has followed the men and women who have gone to extremes to express that alienation and studied the inspirations they found in other outlaws most especially Ted Kaczynski Luigi had posted a review of Kaczynski s manifesto on Goodreads The result is a book that will put Luigi in context and even illuminate how his appeal is likely to play out in the future

Prototype to Product Alan Cohen,2015-08-11 Product development is the magic that turns circuitry software and materials into a product but moving efficiently from concept to manufactured product is a complex process with many potential pitfalls This practical guide pulls back the curtain to reveal what happens or should happen when you take a product from prototype to production For makers looking to go pro or product development team members keen to
